Letter from the Commissioner

I'm pleased to present the Fiscal Year (FY) 2023 *Internal Revenue Service Data Book*. This document is designed to provide multi-faceted views of the important work IRS employees have performed during the past year to help taxpayers, ensure fair enforcement of tax laws and maintain the integrity of our tax system.

Sharing this data will give readers insights into the broad scope of our work. The IRS's activities each year reflect the importance of the agency and our workforce to the nation. The IRS collects approximately \$4.7 trillion in gross revenues and generates about 96 percent of the funding that supports the federal government's operations. The hard work of our dedicated employees makes it possible for the government to perform its vital functions and fund our nation on everything from education to defense.

For the IRS, FY 2023 was a transitional year, due to the historic, once-in-a-generation opportunity to transform our agency with long-term funding provided under the Inflation Reduction Act (IRA) of 2022. This transformation is critical to the future of the IRS and our nation and will benefit IRS employees, individual taxpayers, businesses, the tax community, tax-exempt organizations and many others in the years to come. Therefore, the effects of this funding started showing up in the 2023 tax season and that progress has already been seen going into FY 2024 and the 2024 filing season. I look forward to sharing our continued progress and successes in future *Data Book* editions.

After several challenging pandemic years, the IRS had a successful filing season in 2023. During FY 2023, IRS employees processed more than 271.4 million tax returns and other forms, including more than 163.1 million individual income tax returns.

In our continued efforts to improve service to taxpayers during the filing season and all year long, we offered them more telephone, in-person and online resources. In FY 2023, our employees, including new phone assistants hired in FY 2023, answered nearly 27.3 million phone calls. We opened or reopened more than 50 Taxpayer Assistance Centers and had more than 1.6 million contacts at 363 centers across the nation in FY 2023 to provide more in-person help to taxpayers—up 18 percent from FY 2022. Our website had more than 880.9 million visits in FY 2023, including more

than 303.1 million inquiries on our “Where’s My Refund?” online tool that enables taxpayers to check the status of their tax refund.

The IRS expanded the capabilities of the IRS Online Account and Tax Pro Account to give taxpayers and tax professionals the ability to perform more types of transactions in their accounts. We also launched a Business Tax Account to improve small business owners’ interactions with the IRS. And we made substantial progress to meet our five-year goal of giving taxpayers the ability to securely file all documents and respond to all notices online and securely access and download their data and account history. We brought our paper inventory back to manageable levels after COVID-related interruptions in our operations resulted in historic backlogs. More work remains, but inventory challenges involving original returns have been completely resolved.

In the area of compliance, our commitment to maintaining a visible, robust tax enforcement presence to appropriately support taxpayers and promote fairness in the tax system remained strong. Initial investments of Inflation Reduction Act funding in compliance operations, including hiring additional staff to more adequately address areas of non-compliance, began in FY 2023. And we continued to make progress developing and using innovative approaches to better understand, detect and resolve potential noncompliance, such as leveraging new technology and data analytics to fairly enforce the tax laws.

Some new features in this year’s *Data Book* include two new tables from our Large Business & International Division focused on tax certainty programs. The Advance Pricing Agreement and Compliance Assurance Programs provide businesses the opportunity to work with the IRS to ensure tax compliance prior to filing, which is beneficial for both businesses and our agency. We’ve also added information on telephone level of service with automation called LOS(A), and a Trust Score based on Performance.gov metrics.

This *Data Book* provides many interesting statistics about the past year. The improvements we have already made and the ones we will continue to make in FY 2024—and the years beyond—will make a difference for our agency. We are confident these efforts will produce abundant benefits for taxpayers, the tax system and the nation.

American Customer Satisfaction Index Survey

The American Customer Satisfaction Index (ACSI) Survey has been used by the IRS since 1994. More recently, ACSI has been the source of the performance measure, Taxpayers Satisfied with the IRS, relating to satisfaction with the overall tax filing process. Tax filing is the main reason most individuals interact with the IRS, making it a reasonable proxy for satisfaction with the IRS for these filers. Satisfaction ratings from the nationwide ACSI survey are expressed on

a scale from 0 to 100. The Taxpayers Satisfied with the IRS measure reflects the level of satisfaction with the individual electronic and paper tax filing processes. It combines both customer satisfaction scores proportionally based on the percentage of individual electronic- and paper-filed Forms 1040 and 1040–SR. The Comprehensive Taxpayer Attitude Survey (CTAS) was not fielded in 2023 due to methodology changes but will return in next year's *Data Book*.

ACSI Customer Satisfaction

[1] The Taxpayers Satisfied with the IRS measure calculation weights the individual paper and electronic filer customer satisfaction scores by the percentage of paper and electronic individual tax returns filed, derived from IRS Publication 6187, *Calendar Year Projections of Individual Returns by Major Processing Categories*, Table 1A, and combines the results.

[2] In 2023, IRS changed the American Customer Satisfaction Index (ACSI) data collection methodology from telephone interviews to online panel surveys and made efforts to improve representation.

NOTE: The IRS ACSI survey is conducted by Claes Fornell International Group, founding partner of ACSI and sole company licensed in the United States to use the patented, customized ACSI methodology.

Returns Filed, Taxes Collected, and Refunds Issued

This section of the *Data Book* provides a broad overview of the two main functions performed by the IRS: processing federal tax returns and collecting revenue. It also provides additional details on returns filed, returns filed electronically, gross collections, and tax refunds by state and type of tax.

Highlights of the Data

- The IRS collected nearly \$4.7 trillion in gross taxes in Fiscal Year (FY) 2023 (Tables 1 and 5) and issued 125.5 million refunds (Table 7), amounting to about \$659.1 billion (Tables 1 and 8).
- Individual income tax withheld and tax payments, combined, totaled almost \$2.6 trillion before refunds (Tables 1 and 6).
- The IRS also collected nearly \$457.0 billion in income taxes, before refunds, from businesses in FY 2023 (Tables 1 and 6).

Number of Returns Filed, by Return Type, Fiscal Year 2023

- The IRS processed almost 271.5 million federal tax returns and supplemental documents (Tables 2 and 3) in FY 2023.
- The IRS issued 120.9 million refunds to individuals in FY 2023, amounting to more than \$461.2 billion (Tables 7 and 8).
- Paid preparers filed just over 84.0 million individual tax returns electronically, and taxpayers filed almost 2.9 million returns using the IRS Free File program (Table 4).
- The IRS collected the most total tax (before refunds) from California, Texas, and New York in FY 2023, while California, Texas, and Florida had the largest total refunds issued (Tables 5 and 8).
- More than 213.3 million returns and other forms were filed electronically. These represented 78.6 percent of all filings. For individual tax returns, 90.7 percent were filed electronically (Table 4).

n.a.—Not available.

[1] Gross collections include penalties and interest in addition to taxes.

[2] Includes overpayment refunds, refunds resulting from examination activity, refundable tax credits, and other refunds required by law. Also includes \$10.2 billion in interest, of which \$1.1 billion was paid to corporations and \$9.1 billion was paid to all others (related to individual, employment, estate, gift, and excise tax returns). Excludes refunds credited to taxpayer accounts for tax liability in a subsequent year.

[3] Less than 0.05 percent.

[4] Collections of withheld individual income tax are not reported by taxpayers separately from Old-Age, Survivors, Disability, and Hospital Insurance (OASDHI) taxes on salaries and wages (under the Federal Insurance Contributions Act or FICA) and individual income tax payments along with taxes on self-employment income (under the Self-Employment Insurance Contributions Act or SECA). The OASDHI tax collections and refunds shown in this table are based on estimates made by the Secretary of the Treasury pursuant to the provisions of Section 201(a) of the Social Security Act as amended and include all OASDHI taxes. Amounts shown for individual income tax withheld and individual income tax payments were derived by subtracting the FICA and SECA tax estimates from total individual income tax withheld and individual income tax payments. Refund estimates, and, therefore, net collection estimates, were not made for the components of income and OASDHI taxes.

[5] Includes collections of estimated income tax and payments made in conjunction with individual income tax return filings.

[6] Includes collections of estimated estate and trust income taxes and payments made in conjunction with estate and trust tax return filings.

[7] Excludes excise taxes collected by U.S. Customs and Border Protection and the Alcohol and Tobacco Tax and Trade Bureau.

NOTES:

Detail may not add to totals because of rounding.

All money amounts are in current dollars.

Collection and refund data may not be comparable for a given fiscal year because payments made in prior years may be refunded in the current fiscal year.

Partnership, S corporation, regulated investment company, and real estate investment trust data are not shown in this table since these entities generally do not have a tax liability. Instead, they pass any profits or losses to the underlying owners, who include these profits or losses on their income tax returns.

See Table 21 for information on tax-exempt bond returns. See Tables 15 and 21 for information on employee retirement benefit plans. See Table 24 for data on information returns.

[2] Includes Form 1066 (real estate mortgage investment conduit income tax return) and the Form 1120 series as follows: 1120 (corporation income tax return); 1120-C (cooperative association income tax return); 1120-F (foreign corporation income tax return, except foreign life insurance company, foreign property and casualty insurance company, or foreign sales corporation); 1120-FSC (foreign sales corporation income tax return); 1120-H (homeowner association income tax return); 1120-L (life insurance company income tax return); 1120-ND (return for nuclear decommissioning funds); 1120-PC (property and casualty insurance company income tax return); 1120-POL (income tax return for certain political organizations); 1120-REIT (real estate investment trust income tax return); 1120-RIC (regulated investment company income tax return); and 1120-SF (income tax return for settlement funds). Form 1120-X (amended corporation income tax return) is included with supplemental documents in this table.

Excludes Form 1120-S (S corporation income tax return), shown separately. Excludes Form 990-T (tax-exempt organization unrelated business income tax return), which is included under tax-exempt organizations in this table, although the tax reported on these returns is combined with business income taxes in other tables.

[3] Includes the Form 1040 series as follows: 1040 and 1040(sp) (individual income tax return and declaración de impuestos de los Estados Unidos sobre los ingresos personales); 1040-A (individual income tax return, short form); 1040-C (income tax return for departing aliens); 1040-EZ (individual income tax return for single and joint filers with no dependents); 1040-NR (nonresident alien income tax return); 1040NR-EZ (income tax return for certain nonresident aliens with no dependents); 1040-PR (self-employment income tax return for Puerto Rico residents); 1040-SR and 1040-SR(sp) (tax return for seniors and declaración de impuestos de los Estados Unidos para personas de 65 años de edad o más); and 1040-SS (self-employment income tax return for U.S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands residents). Form 1040-X (amended individual income tax return) is included with supplemental documents in this table. As a result of the Tax Cuts and Jobs Act of 2017 (TCJA), the Form 1040 was redesigned for Tax Year (TY) 2018, making Forms 1040-A and 1040-EZ obsolete. However, as prior-year tax returns continue to be filed, the IRS may continue to receive these forms.

[4] Includes Forms 940 (employer's federal unemployment tax return); 940-EZ (employer's federal unemployment tax return, short form); 940-PR (unemployment tax return for Puerto Rico residents); 941 (employer's quarterly tax return for income and Social Security taxes withheld for other than household and agricultural employees); 941-PR/SS (employer's quarterly tax return for Puerto Rico residents, or for U.S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands residents); 943 (employer's tax return for agricultural employees); 943-PR/SS (employer's tax return for agricultural employees for Puerto Rico residents, or for U.S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands residents); 944 (employer's annual federal tax return); 944-PR/SS (employer's annual tax return for Puerto Rico residents, or for U.S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands residents); and 945 (tax return of withheld income tax from nonpayroll distributions). Also includes Forms 1042 (tax return of withheld income tax on U.S.-source income of foreign persons); and CT-1 (railroad retirement tax return). Forms 941-X (adjusted employer's tax return for income and Social Security taxes withheld for other than household and agricultural employees); 943-X (adjusted employer's tax return for agricultural employees); 944-X (adjusted employer's annual tax return or claim for refund); 945-X (adjusted annual return of withheld federal income tax or claim for refund); and CT-1X (adjusted railroad retirement tax return) are included in supplemental documents in this table.

[5] Includes the Form 706 series as follows: 706 (estate and generation-skipping transfer tax return); 706-GS(D) (generation-skipping transfer tax return for distributions); 706-GS(T) (generation-skipping transfer tax return for terminations); and 706-NA (estate and generation-skipping transfer tax return for nonresident aliens). The TCJA increased the filing threshold for estate tax returns beginning with TY 2018.

[6] Includes Forms 11-C (occupational tax and registration for wagering return); 720 (excise tax return); 730 (excise tax return for wagering); 2290 (heavy highway vehicle use tax return); 5330 (excise taxes related to employee retirement benefit plans return); and 8849 (claim for refund of excise taxes). Excludes excise tax returns filed with U.S. Customs and Border Protection and the Alcohol and Tobacco Tax and Trade Bureau. Form 4720 (excise tax return of charities and other persons) is included with tax-exempt organizations in this table.

[7] Includes the Form 990 series as follows: 990 (tax-exempt organization information return, long form); 990-EZ (tax-exempt organization information return, short form); 990-N (electronic notice (e-Postcard) for tax-exempt organizations not required to file Forms 990 or 990-EZ); 990-PF (private foundation information return); and 990-T (tax-exempt organization unrelated business income tax return). Also includes Forms 4720 (excise tax return of charities and other persons); 5227 (split-interest trust information return); 8871 (Political Organization Notice of Section 527 Status); and 8872 (political organization report of contributions and expenditures). Additionally, includes the Form 8038 series as follows: 8038 (information return for tax-exempt private activity bond issues); 8038-CP (return for credit payments to issuers of qualified bonds); 8038-G (information return for tax-exempt governmental bonds); 8038-GC (information return for small tax-exempt governmental bond issues, leases, and installment sales); 8038-T (arbitrage rebate, yield reduction and penalty in lieu of arbitrage rebate); and 8328 (carryforward election of unused private activity bond volume cap). Tax collected on Form 990-T is combined with business income taxes in other tables. An electronic filing option of Form 5227 began in January 2023.

NOTES:

Detail may not add to totals because of rounding. Percentage changes are based on rounded data.

Due to continued challenges related to the COVID-19 pandemic and processing center shutdowns to protect the health and safety of employees, the IRS continues to experience processing delays for some paper-filed forms.

Table 3. Number of Returns and Other Forms Filed, by Type and State, Fiscal Year 2023—Continued**Footnotes**

- [1] Excludes information returns (e.g., Forms 1098, 1099, 5498, W-2 and W-2G, and Schedule K-1); tax-exempt bond returns (Forms 8038-B and 8038-TC); and employee retirement benefit plan returns (Forms 5500 and 5500-SF). See Table 21 for information on tax-exempt bond returns. See Tables 15 and 21 for information on employee retirement benefit plans. See Table 24 for data on information returns.
- [2] Includes Form 1066 (real estate mortgage investment conduit income tax return) and the Form 1120 series as follows: 1120 (corporation income tax return); 1120-C (cooperative association income tax return); 1120-F (foreign corporation income tax return, except foreign life insurance company, foreign property and casualty insurance company, or foreign sales corporation); 1120-FSC (foreign sales corporation income tax return); 1120-H (homeowner association income tax return); 1120-L (life insurance company income tax return); 1120-ND (return for nuclear decommissioning funds); 1120-PC (property and casualty insurance company income tax return); 1120-POL (income tax return for certain political organizations); 1120-REIT (real estate investment trust income tax return); 1120-RIC (regulated investment company income tax return); and 1120-SF (income tax return for settlement funds). Form 1120-X (amended corporation income tax return) is included with supplemental documents in this table.
- Excludes Form 1120-S (S corporation income tax return), shown separately. Also excludes Form 990-T (tax-exempt organization unrelated business income tax return), which is included under tax-exempt organizations in this table, although the tax reported on these returns is combined with business income taxes in other tables.
- [3] Includes the Form 1040 series as follows: 1040 (individual income tax return); 1040-A (individual income tax return, short form); 1040-C (income tax return for departing aliens); 1040-EZ (individual income tax return for single and joint filers with no dependents); 1040-NR (nonresident alien income tax return); 1040NR-EZ (income tax return for certain nonresident aliens with no dependents); 1040-PR (self-employment income tax return for Puerto Rico residents); 1040-SP (declaración de impuestos de los Estados Unidos sobre los ingresos personales); 1040-SR (tax return for seniors); 1040-SR (SP) (declaración de impuestos de los Estados Unidos para personas de 65 años de edad o más); and 1040-SS (self-employment income tax return for U.S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands residents). Form 1040-X (amended individual income tax return) is included with supplemental documents in this table. As a result of the Tax Cuts and Jobs Act of 2017 (TCJA), the Form 1040 was redesigned for Tax Year (TY) 2018, making Forms 1040-A and 1040-EZ obsolete. However, as prior-year tax returns continue to be filed, the IRS may continue to receive these forms.
- [4] Includes Forms 940 (employer's federal unemployment tax return); 940-EZ (employer's federal unemployment tax return, short form); 940-PR (unemployment tax return for Puerto Rico residents); 941 (employer's quarterly tax return for income and Social Security taxes withheld for other than household and agricultural employees); 941-PR/SS (employer's quarterly tax return for Puerto Rico residents, or for U.S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands residents); 943 (employer's tax return for agricultural employees); 943-PR/SS (employer's tax return for agricultural employees for Puerto Rico residents, or for U.S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands residents); 944 (employer's annual tax return or claim for refund); 944-PR/SS (employer's annual tax return for Puerto Rico residents, or for U.S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands residents); and 945 (tax return of withheld income tax from nonpayroll distributions). Also includes Forms 1042 (tax return of withheld income tax on U.S.-source income of foreign persons); and CT-1 (railroad retirement tax return). NOTES:

Detail may not add to totals because of rounding.

Classification by state is based on the individual's address (or, in the case of businesses, the location of the principal office or place of business). However, some individuals may use the address of a tax attorney or accountant. Sole proprietors, partners in a partnership, or shareholders in an S corporation may use their business addresses. Such addresses could have been located in a state other than the state in which the individual resided. Similarly, taxes withheld reported by employers located near a state boundary might include substantial amounts withheld from salaries of employees who reside in a neighboring state. Also, while taxes of corporations may be paid from the principal office, the operations of these corporations may be located in one or more state(s).

Due to continued challenges related to the COVID-19 pandemic and processing center shutdowns to protect the health and safety of employees, the IRS continues to experience processing delays for some paper-filed forms.

- [3] Includes the Form 1040 series as follows: 1040 (individual income tax return); 1040-A (individual income tax return, short form); 1040-C (income tax return for departing aliens); 1040-EZ (individual income tax return for single and joint filers with no dependents); 1040-NR (nonresident alien income tax return); 1040NR-EZ (income tax return for certain nonresident aliens with no dependents); 1040-PR (self-employment income tax return for Puerto Rico residents); 1040-SP (declaración de impuestos de los Estados Unidos sobre los ingresos personales); 1040-SR (tax return for seniors); 1040-SR (SP) (declaración de impuestos de los Estados Unidos para personas de 65 años de edad o más); and 1040-SS (self-employment income tax return for U.S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands residents). Form 1040-X (amended individual income tax return) is included with Supplemental documents in this table. As a result of the Tax Cuts and Jobs Act of 2017, the Form 1040 was redesigned for Tax Year (TY) 2018, making Forms 1040-A and 1040-EZ obsolete. However, as prior-year tax returns continue to be filed, the IRS may continue to receive these forms.
- [4] Online e-filing is an option that allows taxpayers to prepare and file tax returns using a personal computer. Online returns can be filed through one of two processes: taxpayers either complete a tax return on a website without downloading any software, or taxpayers purchase and load software onto their personal computers, prepare their returns, and transmit them to the IRS through an online filing company.
- [5] Includes two Free File income tax preparation and electronic filing options: (1) all taxpayers could use Free File Fillable Forms, an electronic version of paper returns that performs simple mathematical calculations; and (2) taxpayers with adjusted gross incomes of \$73,000 or less could prepare and file their TY 2022 taxes using commercial online software provided through a partnership between the IRS and Free File Alliance, LLC, a group of private-sector tax software companies. The Free File Fillable Forms and Free File commercial online software were both available through IRS.gov.
- [6] Includes cases in which a taxpayer transmitted the return via an authorized e-file provider, who was, in most cases, also the return preparer.
- [7] Includes Forms 940 (employer's federal unemployment tax return); 941 (employer's quarterly tax return for income and Social Security taxes withheld for other than household and agricultural employees); 941-PR/SS (employer's quarterly tax return for Puerto Rico residents, or for U.S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands residents); 943 (employer's tax return for agricultural employees); 943-PR/SS (employer's tax return for agricultural employees for Puerto Rico residents, or for U.S. Virgin Islands, Guam, American Samoa, and Northern Mariana Islands residents); 944 (employer's annual tax return or claim for refund); and 945 (tax return of withheld income tax from nonpayroll distributions).
- [8] Includes Forms 720 (excise tax return); 2290 (heavy highway vehicle use tax return); and 8849 (claim for refund of excise taxes).
- [9] Includes some of the Form 990 series as follows: 990 (tax-exempt organization information return, long form); 990-EZ (tax-exempt organization information return, short form); 990-N (electronic notice (e-Postcard) for tax-exempt organizations not required to file Forms 990 or 990-EZ); and 990-PF (private foundation information return); and 990-T (tax-exempt organization unrelated business income tax return). Also includes Forms 4720 (excise tax return of charities and other persons); 5227 (split-interest trust information return); 8871 (political organization notice of Section 527 status); and Form 8872 (political organization report of contributions and expenditures).
- [10] Includes Forms 1040-X (amended individual income tax return); Forms 4868 (automatic filing extension for individuals); 7004 (automatic filing extension for corporations); and 8868 (automatic filing extension for tax-exempt organizations). The IRS began offering an electronic option for Form 1040-X in August 2020. Starting in FY 2022, the supplemental documents report includes the electronic Form 1040-X.
- [11] Includes U.S. territories other than Puerto Rico, U.S. Armed Service members overseas, and international.

NOTES:

Detail may not add to totals because of rounding.

Classification by state is based on the individual's address (or, in the case of businesses, the location of the principal office or place of business). However, some individuals may use the address of a tax attorney or accountant. Sole proprietors, partners in a partnership, or shareholders in an S corporation may use their business addresses. Such addresses could have been located in a state other than the state in which the individual resided. Similarly, taxes withheld reported by employers located near a state boundary might include substantial amounts withheld from salaries of employees who reside in a neighboring state. Also, while taxes of corporations may be paid from the principal office, the operations of these corporations may be located in one or more state(s).

Table 5. Gross Collections, by Type of Tax and State, Fiscal Year 2023—Continued**Footnotes**

- [1] Gross collections include penalties and interest in addition to taxes.
- [2] Includes taxes on corporation income (Form 1120 series) and unrelated business income from tax-exempt organizations (Form 990-T).
- [3] Collections of withheld individual income tax are not reported by taxpayers separately from Old-Age, Survivors, Disability, and Hospital Insurance (OASDHI) taxes on salaries and wages (under the Federal Insurance Contributions Act or FICA) and individual income tax payments along with taxes on self-employment income (under the Self-Employment Insurance Contributions Act or SECA). Thus, while Table 1 shows these amounts separately for the United States total, separate amounts are not available by state.
- [4] Includes collections of estimated estate and trust income taxes and payments made in conjunction with estate and trust tax return filings.
- [5] Excludes excise taxes collected by U.S. Customs and Border Protection and the Alcohol and Tobacco Tax and Trade Bureau.
- [6] Includes tax and excess withholding payments not classified by state as of the end of the fiscal year because they had not been applied to taxpayer accounts. Undistributed amounts may be negative when adjustments to taxpayer accounts have not been completed.

NOTES:

Detail may not add to totals because of rounding.

Partnership, S corporation, regulated investment company, and real estate investment trust data are not shown in this table since these entities generally do not have a tax liability. Instead, they pass through any profits or losses to the underlying owners, who include these profits or losses on their income tax returns.

This table shows gross collections. Gross collections less refunds equal net collections. See Table 1 for refunds and net collections.

Collection and refund data may not be comparable for a given fiscal year because payments made in prior years may be refunded in the current fiscal year. Adjustments to prior-year refunds made in Fiscal Year 2023 may result in negative amounts when such adjustments exceed current-year collections. See Tables 7 and 8 for refund data by state.

Classification by state is based on the individual's address (or, in the case of businesses, the location of the principal office or place of business). However, some individuals may use the address of a tax attorney or accountant. Sole proprietors may use their business addresses. Such addresses could have been located in a state other than the state in which the individual resided. Similarly, taxes withheld and reported by employers located near a state boundary might include substantial amounts withheld from salaries of employees who reside in a neighboring state. Also, while taxes of corporations may be paid from the principal office, the operations of these corporations may be located in one or more other state(s).

Table 6. Gross Collections, by Type of Tax, Fiscal Years 1960–2023—Continued**Footnotes**

- [1] Gross collections include penalties and interest in addition to taxes.
- [2] Includes taxes on corporation income (Form 1120 series) and on unrelated business income from tax-exempt organizations (Form 990–T).
- [3] Income tax reported for estates and trusts is included in individual income tax in Fiscal Years (FY) 1960–2007. Beginning with FY 2008, estate and trust income tax is reported separately.
- [4] Includes taxes for Old-Age, Survivors, Disability, and Hospital Insurance (OASDHI); unemployment insurance under the Federal Unemployment Tax Act (FUTA); and railroad retirement under the Railroad Retirement Tax Act (RRTA).
- [5] Excludes excise taxes collected by U.S. Customs and Border Protection and the Alcohol and Tobacco Tax and Trade Bureau. The Internal Revenue Service collected taxes on alcohol and tobacco until FY 1988 and taxes on firearms until FY 1991.
- [6] Represents fiscal-year transitional period, July 1976 through September 1976, resulting from redefinition of the term “fiscal year.” FY 1976 covered July 1975 through June 1976 (earlier years were similarly defined). FY 1977 covered October 1976 through September 1977 (subsequent years are similarly defined).
- [7] The estate tax was temporarily repealed for deaths in Calendar Year (CY) 2010 before being reinstated retroactively with a \$5-million exemption as part of the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010. As a result of this legislation, the estates of CY 2010 decedents could elect to file either Form 706 (estate and generation-skipping transfer tax return), due September 19, 2011, or Form 8939 (allocation of increase in basis for property acquired from a decedent), due January 17, 2012. The law also provided a \$5-million exemption for the estates of CY 2011 decedents. These tax law changes significantly reduced estate tax gross collections in FY 2011 relative to other fiscal years.

NOTES:

Detail may not add to totals because of rounding.

All money amounts are in current dollars.

Partnership, S corporation, regulated investment company, and real estate investment trust data are not shown in this table since these entities generally do not have a tax liability. Instead, they pass any profits or losses to the underlying owners, who include these profits or losses on their income tax returns.

This table shows gross collections. Gross collections less refunds equal net collections. See Table 1 for data on refunds and net collections.

Table 7. Number of Refunds Issued, by Type of Refund and State, Fiscal Year 2023—Continued**Footnotes**

d—Not shown to avoid disclosure of information about specific taxpayers. However, the data are included in the appropriate totals.

N/A—Not applicable.

- [1] Includes overpayment refunds, refunds resulting from examination activity, refundable tax credits, and other refunds required by law. Excludes refunds credited to taxpayer accounts for tax liability in a subsequent year.
- [2] Includes refunds of taxes on corporation income (Form 1120 series) and on unrelated business income from tax-exempt organizations (Form 990-T).
- [3] Includes refunds on self-employment income taxes under the Self-Employment Insurance Contributions Act (SECA); railroad retirement taxes under the Railroad Retirement Tax Act (RRTA); unemployment insurance taxes under the Federal Unemployment Tax Act (FUTA); and Old-Age, Survivors, Disability and Hospital Insurance (OASDHI) taxes on salaries and wages under the Federal Insurance Contributions Act (FICA).
- [4] Excludes refunds of excise taxes collected by U.S. Customs and Border Protection and the Alcohol and Tobacco Tax and Trade Bureau.
- [5] Includes refunds of tax and excess withholding payments not classified by state as of the end of the fiscal year because they had not been applied to taxpayer accounts.
- [6] Reflects refundable portions of credits only. Shown separately for information purposes. Counts are included in the state figures and U.S. totals.

NOTE:

Classification by state is based on the individual's address (or, in the case of businesses, the location of the principal office or place of business). However, some individuals may use the address of a tax attorney or accountant. Sole proprietors, partners in a partnership, or shareholders in an S corporation may use their business addresses. Such addresses could have been located in a state other than the state in which the individual resided. Similarly, taxes withheld and reported by employers located near a state boundary might include substantial amounts withheld from salaries of employees who reside in a neighboring state. Also, while taxes of corporations may be paid from the principal office, the operations of these corporations may be located in one or more states.

Table 8. Amount of Refunds Issued, Including Interest, by Type of Refund and State, Fiscal Year 2023—Continued**Footnotes**

d—Not shown to avoid disclosure of information about specific taxpayers. However, the data are included in the appropriate totals.

N/A—Not applicable.

- [1] Includes overpayment refunds, refunds resulting from examination activity, refundable tax credits, and other refunds required by law. Also includes \$10.2 billion in interest, of which \$1.1 billion was paid to corporations and \$9.1 billion was paid to all others (related to individual, employment, estate, gift, and excise tax returns). Excludes refunds credited to taxpayer accounts for tax liability in a subsequent year.
- [2] Includes refunds of taxes on corporation income (Form 1120 series) and on unrelated business income from tax-exempt organizations (Form 990-T).
- [3] The average individual income tax refund (based on Forms 1040, 1040-A, and 1040-EZ) was \$3,101. This calculation excludes refunds of \$98.2 billion for the Advance Premium Tax Credit/Cost Sharing Reduction provisions of the Affordable Care Act and \$983.2 million in undistributed refunds.
- [4] Includes refunds of self-employment income taxes under the Self-Employment Insurance Contributions Act (SECA); railroad retirement taxes under the Railroad Retirement Tax Act (RRTA); unemployment insurance taxes under the Federal Unemployment Tax Act (FUTA); and Old-Age, Survivors, Disability, and Hospital Insurance (OASDHI) taxes on salaries and wages under the Federal Insurance Contributions Act (FICA).
- [5] Excludes refunds of excise taxes collected by U.S. Customs and Border Protection and the Alcohol and Tobacco Tax and Trade Bureau. Beginning with Fiscal Year (FY) 2015, some refunds which had been classified as excise tax refunds in prior years were reclassified as corporate tax refunds.
- [6] The Advance Premium Tax Credit (APTC) and Cost Sharing Reduction (CSR) are provisions of the Patient Protection and Affordable Care Act of 2010. Beginning with FY 2018, an executive order was issued to discontinue CSR payments to insurance companies. The APTC data included in this table are advance payment of a refundable tax credit that helps taxpayers pay for their health insurance premiums on a monthly basis. The APTC is available when taxpayers purchase health insurance through the Health Insurance Marketplace and meet other specific criteria. The Basic Health Program provides states with the option to establish and operate a health benefit coverage program for low-income individuals as an alternative to Health Insurance Marketplace coverage under the Affordable Care Act.
- [7] Includes refunds of tax and excess withholding payments not classified by state as of the end of the fiscal year because they had not been applied to taxpayer accounts. Undistributed amounts may be negative when adjustments to taxpayer accounts have not been completed.
- [8] Reflects refundable portions of credits only. Shown separately for information purposes. Refund amounts are included in the state figures and U.S. totals.

NOTES:

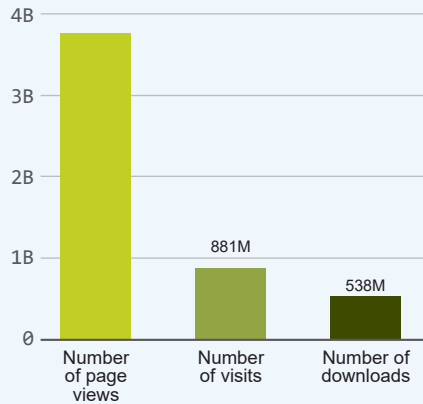

Detail may not add to totals because of rounding.

Collection and refund data may not be comparable for a given fiscal year because payments made in prior years may be refunded in the current fiscal year. Adjustments to prior-year returns made in FY 2023 may result in negative amounts when such adjustments exceed current-year refunds. See Table 5 for collections data.

Classification by state is based on the individual's address (or in the case of businesses, the location of the principal office or place of business). However, some individuals may use the address of a tax attorney or accountant. Sole proprietors, partners in a partnership, or shareholders in an S corporation may use their business addresses. Such addresses could have been located in a state other than the state in which the individual resided. Similarly, taxes withheld and reported by employers located near a state boundary might include substantial amounts withheld from salaries of employees who reside in a neighboring state. Also, while taxes of corporations may be paid from the principal office, the operations of these corporations may be located in one or more states.

Service to Taxpayers

This section of the *Data Book* provides information on the ways the IRS provides assistance, not only to taxpayers but also to tax-exempt organizations and government entities. The IRS aids taxpayers in meeting their federal tax return filing and payment obligations through its telephone helplines, via IRS.gov, at IRS Taxpayer Assistance Centers, and by volunteer-provided income tax assistance.

The Taxpayer Advocate Service (TAS) is an independent organization within the IRS that helps taxpayers resolve problems with the IRS, protects taxpayers' rights enumerated

in the Taxpayer Bill of Rights, and recommends changes that will help to avoid issues. Taxpayers may request TAS's assistance.

In addition to helping taxpayers meet their tax responsibilities, the IRS devotes significant resources to meeting the special needs of tax-exempt organizations, employee retirement plans, and government entities in complying with tax laws. While these entities are not subject to federal income tax, they nonetheless represent a significant aspect of tax administration.

Highlights of the Data

- In Fiscal Year (FY) 2023, the IRS assisted almost 60.3 million taxpayers through correspondence, its enterprise-wide telephone helplines, or at Taxpayer Assistance Centers (Table 9).
- In FY 2023, the IRS provided self-assistance to taxpayers through approximately 880.9 million visits to IRS.gov, including 303.1 million inquiries to the "Where's My Refund" application, and over 10.3 million active IRS2GO mobile app users (Table 10).
- Taxpayers downloaded 538.1 million files (such as tax forms and instruction documents) from IRS.gov during FY 2023 (Table 10).
- During FY 2023, the IRS issued 8.1 million Identity Protection Personal

Identification Numbers (PINs) to taxpayers. Of these, almost 2.3 million were issued electronically through IRS.gov (Tables 9 and 10).

- In FY 2023, IRS.gov processed more than 12.5 million Direct Pay settlements. Taxpayers established or revised just over 2.0 million on-line installment agreements, and the number of taxpayers requesting, through IRS.gov, to receive their tax transcripts either online or by mail exceeded 83.1 million (Table 10).
- In FY 2023, the IRS hosted 804 taxpayer outreach events for small business and self-employed taxpayers,

many of them virtual, attracting 140,927 participants (Table 9).

- The IRS provided return preparation assistance through its Volunteer Income Tax Assistance and Tax Counseling for the Elderly programs, preparing almost 2.6 million returns with the aid of 67,476 volunteers in FY 2023 (Table 9).
- In FY 2023, Taxpayer Advocate Service received 219,251 new requests for assistance and closed 222,996 cases, including those received in prior fiscal years. Of these new requests, 16.5 percent were for assistance processing amended returns (Table 11).

Tax-Exempt Activities

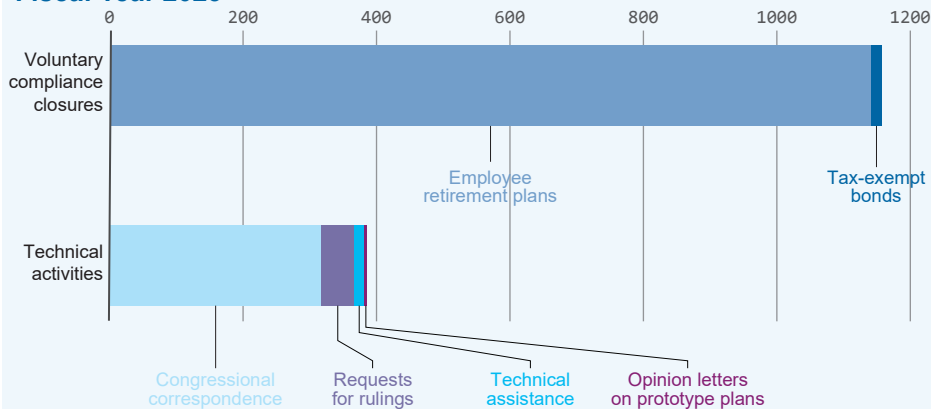

- The IRS closed 119,491 applications for tax-exempt status in FY 2023. The IRS approved tax-exempt status for 86.3 percent of these applications (Table 12).
- In FY 2023, the IRS recognized nearly 2.0 million organizations, including new determinations, as tax exempt. More than 1.8 million of these organizations were exempt under Internal Revenue Code Section 501(c), with 1.5 million of these qualifying as tax exempt under Internal Revenue Code Section 501(c)(3) (Table 14).

[1] Includes calls answered across the Service, including telephone lines serving individuals, small business/self-employed, large business and international, and tax-exempt and government entities.

[2] The Enterprise level of service measures the relative success rate of taxpayers calling to speak with an IRS assistor.

[3] Includes calls answered by Accounts Management (AM) Customer Service Representatives (CSRs) and automated calls. These telephone lines serviced 77 percent of all telephone traffic in Fiscal Year (FY) 2023. These lines are included in the Enterprise Telephone assistance volumes above.

[4] The CSR level of service measures the relative success rate of taxpayers calling to speak with a CSR. The CSR level of service includes telephone lines answered by AM CSRs only. This is the IRS's official measure for telephone level of service.

[5] In addition to answers provided by assistants, the IRS also provides phone service to taxpayers using automation, such as informational messages or automated request lines. To better demonstrate the percentage of taxpayers receiving service from either an IRS assistor or through automation, the IRS developed this new measure that includes these automated calls.

[6] Based on a telephone survey of customers who called an IRS AM toll-free number to assess their satisfaction with the service they received during their calls.

[7] Based on a telephone survey of customers who called an IRS AM toll-free number, who were asked to assess their experiences with the service they received during their calls. This score follows the Office of Budget and Management (OMB) methodology for calculating Trust posted on Performance.gov. OMB's Federal Trust goal is 75 percent or greater.

[8] Includes contacts at 363 IRS Taxpayer Assistance Centers (TACs) and 15 Virtual Service Delivery sites. Excludes Volunteer Income Tax Assistance and Tax Counseling for the Elderly sites, which are shown separately in this table.

[9] Includes AM adjustments, including individual and business taxpayer correspondence for domestic and international taxpayers; individual and business amended returns processed; injured spouse claims; applications for Individual Taxpayer Identification Numbers; and applications for exempt organizations and employee plans.

[10] The percentage shown in this table represents the results from the AM Customer Satisfaction (Adjustments) survey and reflects the level of customer satisfaction with adjustment processing and handling of customer account correspondence, claims, and amended returns.

[11] Represents the number of organizations that distribute paper forms and publications or make reproducible forms and publications available. Some organizations may have multiple sites.

[12] Reflects events where the Federal Emergency Management Agency (FEMA) designated disaster areas and the IRS granted administrative tax relief.

[13] Following a disaster, the governor of the affected state must request a declaration by the president. Therefore, while a disaster incident is declared for a state or territory, typically only a few counties, parishes, municipalities, independent cities, etc., receive relief for each event.

[14] Represents the accuracy of federal returns prepared at Volunteer Income Tax Assistance and Tax Counseling for the Elderly sites.

[15] Represents the number of Identity Protection Personal Identification Numbers (IP PINs) assigned to qualified taxpayers.

[16] Includes tax practitioner institutes, small business forums, small business tax workshops, tax practitioner and payroll provider meetings, governmental contacts, and miscellaneous stakeholder meetings and events. Includes virtual technology-based sessions.

- [1] Online assistance is reported as visits, page views, and downloads. A website visit is a session that begins when a user views their first webpage and ends when the user leaves the IRS.gov website. Users may access multiple webpages during a single visit to the IRS website; these are counted as page views. A download is the process of copying a file, such as Form 1040 and Form W-9, from the IRS.gov website to the user's personal computer (or mobile device). Of the total number of visits to the IRS website in Fiscal Year (FY) 2023, 50.3 percent were conducted using a smartphone or tablet.
- [2] The IRS Video Portal provides information through audio and video presentations, as well as webinars (web-based seminars) on a variety of tax-related topics.
- [3] Represents the total count of payment settlements plus payment reversals from the Direct Pay Application. In December 2021, a new functionality within the IRS Online Account tool launched allowing taxpayers to make online payments. This new functionality diverted some payments from Direct Pay to Online Account. In FY 2023, in addition to the 12.5 million payment settlements from Direct Pay, 9.2 million payment settlements were generated within Online Account.
- [4] Taxpayers may access the Get Transcript by Mail application by visiting IRS.gov and selecting the "Get Your Tax Record" link. Taxpayers are granted access to Get Transcript by Mail after completing Secure Access eAuthentication. After successfully registering, the taxpayer may order a tax return transcript and/or a tax account transcript based on the type and year. The transcript will be delivered by mail to the address on file with the IRS.
- [5] Taxpayers may access the Get Transcript Online application by visiting IRS.gov and selecting the "Get Your Tax Record" link. Taxpayers are granted access to Get Transcript Online after completing Secure Access eAuthentication. After successfully registering, taxpayers may select available transcripts (tax return, tax account, record of account, wage and income, and/or verification of nonfiling letter) based on the type and year. Transcripts may be viewed online, printed, and/or downloaded. Multiple transcripts may be ordered in one session.
- [6] Represents the number of successful online taxpayer verifications completed. The ID Verify Web tool allows victims of identity theft who have not filed a current return to resolve issues with their accounts online. Taxpayers no longer have to travel to a Taxpayer Assistance Center or call the IRS.
- [7] Represents the number of Identity Protection Personal Identification Numbers (IP PINs) issued online only. Additional IP PINs were issued through other means; see Table 9 for information on all IP PINs issued.
- [8] Represents the number of transcript requests received electronically from registered participants. The Income Verification Express Service (IVES) allows third- or fourth-party businesses (participants) to send requests for transcripts electronically for income verification purposes.
- [9] Represents the number of interactions completed using the Interactive Tax Assistant (ITA). The ITA is a tax law resource that takes taxpayers through a series of questions and provides answers to their tax law questions.
- [10] The IRS Data Retrieval Tool is an application that allows taxpayers to share their tax return data with the Department of Education website in order to complete a Free Application for Federal Student Aid (FAFSA) online, and apply for an Income Driven Repayment plan online.
- [11] Includes the number of users who opened the IRS2GO mobile application at least once during the fiscal year.
- [12] Represents the count of total sessions of authorized users accessing the Online Account application. In December 2021, the IRS Online Account tool launched several new features, resulting in increased usage. Taxpayers may access their Online Account to view balance due information, to make same-day payments, set up short-term payment plans, view payment history, access tax records information, and approve tax professional authorizations.
- [13] Includes the number of individual and business installment agreements established or revised online. It also includes the number of short-term extensions (30, 60, and 120 days) and the number of agreements that required the taxpayer to pay the balance immediately. For information on all Installment Agreements, see Table 27.
- [14] Represents the number of sessions in which a user interacted with the application through to the results screen (e.g., does not include visits that were abandoned prior to results).

[15] The Transcript Delivery System enables authorized tax practitioners to order tax accounts, tax return transcripts, and other tax information for their business and individual clients. Requests are returned to the practitioner's computer through a secure online connection within minutes of the request. Beginning in FY 2017, the count changed from counting requests received to actual requests delivered or resolved. The change was made to be consistent with other transcript applications offered.

[16] The percentage of taxpayers using self-assistance tools for their service needs. Beginning in FY 2017, the IRS replaced the Taxpayer Self-Assistance Rate with a new metric, Enterprise Taxpayer Self-Assistance Participation Rate. The new metric includes established self-service channels such as Where's My Refund, Online Employer Identification Number applications, Interactive Tax Assistant, Where's My Amended Return, Get Transcript Online or by Mail, Federal Student Aid verification, Transcript Delivery System, Income Verification Express Service, electronic payments, and online payment agreements. The metric also includes automated calls to the IRS. The metric demonstrates the IRS's progress toward providing more service options, and taxpayers' adoption of self-assistance. As new self-assistance applications are provided to the public, they will be added to the methodology.

[1] This table displays the total number of cases received by the Taxpayer Advocate Service (TAS) in Fiscal Year (FY) 2023, as well as the top 15 types of primary issues. TAS cases can have more than one issue but they are categorized by their primary issue. TAS generally receives cases from any of the following sources: IRS employee referrals based on IRS guidance; direct taxpayer requests for assistance (by phone, in person, outreach activities, or through correspondence); practitioners; and congressional office referrals. In FY 2023, of the 219,251 TAS case receipts, 41,222 receipts, or 19 percent of all receipts, were from congressional offices. From FY 2000 through FY 2019, TAS congressional receipts averaged 7 percent of all cases received. However, because the COVID-19 pandemic and related shutdowns of 2020 led to a backlog of inventory at the IRS, more taxpayers reached out to their congressional representatives, who in turn contacted TAS to address the taxpayers' issues with the IRS. Cases may be received in one fiscal year and closed in another.

[2] Implemented in FY 2016 and includes cases detected through the Taxpayer Protection Program process as potential stolen identity returns.

[3] The National Taxpayer Advocate has the authority to issue a Taxpayer Assistance Order (TAO) when a taxpayer is suffering or about to suffer a significant hardship as a result of the manner in which the Internal Revenue laws are being administered if relief is not granted. A TAO directs an IRS organizational unit to take a specific action or to review, expedite consideration of, or reconsider a taxpayer's case. In the majority of cases, TAS can resolve taxpayers' issues without issuing TAOs. A TAO may be issued in one fiscal year and closed in another.

[4] An individual taxpayer issue is a single issue (applicable to an individual, corporation, or other entity) that requires a change or modification to an account.

[5] A systemic issue requires a change or modification to an established IRS procedure, process, or operation (e.g., computer program) that potentially impacts more than one taxpayer.

[6] Less than 0.05 percent.

[7] Another IRS division provided relief before TAS intervention.

d—Not shown to avoid disclosure of information about specific organizations. However, the data are included in the appropriate totals.

- [1] Reflects all case closures of applications for the Exempt Organizations function. These include not only initial applications for tax-exempt status, but also other determinations, such as public charity and private foundation status determinations, advance approval of scholarship grant procedures, and group determinations of tax-exempt status.
- [2] Includes applications withdrawn by organizations, applications that did not include the required information, incomplete applications, IRS correction disposals, and others.
- [3] No applications were closed for corporations organized under Act of Congress (Section 501(c)(1)); teacher's retirement fund associations (Section 501(c)(11)); mutual insurance companies (Section 501(c)(15)); corporations organized to finance crop operations (Section 501(c)(16)); employee-funded pension trusts (Section 501(c)(18)); black lung benefit trusts (Section 501(c)(21)); veterans' associations founded prior to 1880 (Section 501(c)(23)); trusts described in Section 4049 of the Employee Retirement Income Security Act of 1974 (ERISA) (Section 501(c)(24)); State sponsored high-risk health insurance (Section 501(c)(26)); State sponsored workers' compensation reinsurance organizations (Section 501(c)(27)); and the National Railroad Retirement Investment Trust (Section 501(c)(28)). Tax-exempt status for legal services organizations (Section 501(c)(20)) was revoked effective June 20, 1992.
- [4] Includes private foundations and nonexempt charitable trusts (Section 4947(a)(1)). Not all organizations described in Section 501(c)(3) must apply for recognition of tax-exempt status, including churches, interchurch organizations of local units of a church, integrated auxiliaries of a church, conventions or associations of churches, and organizations (other than private foundations as described in Section 509(a)) that have normal gross receipts in each taxable year of not more than \$5,000. In addition, organizations may be recognized as tax-exempt under Section 501(c)(3) without filing an application if they are included in a group exemption letter given to an affiliated parent organization.

NOTE:

Organizations that meet the requirements of Internal Revenue Code Section 501(a) are exempt from federal income taxation. Organizations may request a determination regarding recognition of their tax-exempt status by completing and submitting the appropriate application form. Information regarding the requirements for recognition of exemption and the forms used to request a determination can be found in Publication 557, *Tax-Exempt Status for Your Organization*, and Revenue Procedure 2022-5.

	(1)	(2)	(3)
Notice of Intent To Operate Under Section 501(c)(4), Form 8976 [3]	3,025	3,009	587

[1] Includes notifications received, but not yet acknowledged or rejected. The number of notices acknowledged and rejected may also include notices received in the prior fiscal year.

[2] Examples of notices that would be rejected include notices from organizations not required to file Form 8976 (e.g., organizations that filed Form 990, Return of Organization Exempt from Income Tax, Form 990-EZ, Short Form Return of Organization Exempt from Income Tax, or Form 990-N, Electronic Notice (e-Postcard) for Tax-Exempt Organizations Not Required To File Form 990 or Form 990-EZ, or Form 1024, Application for Recognition of Exemption Under Section 501(a), on or before July 8, 2016, or organizations already exempt under other Internal Revenue Code subsections) or where the IRS cannot confirm an organization's Employer Identification Number.

[3] The Protecting Americans from Tax Hikes (PATH) Act of 2015 instituted Internal Revenue Code Section 506, requiring an organization to notify the IRS of its intent to operate as a Section 501(c)(4) organization within 60 days of formation. These organizations (civic leagues, organizations operated exclusively to promote social welfare, and local associations of employees) notify the IRS by electronically submitting Form 8976, Notice of Intent To Operate Under Section 501(c)(4), along with the appropriate user fee. Submission of the Form 8976 does not constitute a request for a determination letter for recognition as tax exempt under 501(c)(4) nor is the acknowledgment of receipt of an organization's Form 8976 a determination of tax-exempt status by the IRS. An organization that submits a notification on Form 8976 has the option to subsequently request a determination of tax-exempt status by filing Form 1024-A, Application for Recognition of Exemption Under Section 501(c)(4) of the Internal Revenue Code. Organizations that intend to operate as Section 501(c)(4) organizations are also required to file Form 990, Form 990-EZ, or Form 990-N.

- [1] The number of organizations, by 501(c) subsections, includes organizations that applied for and received recognition of tax-exempt status, or that are exempt by virtue of a tax treaty.
- [2] Includes private foundations and organizations that are recognized as tax-exempt under Section 501(c)(3) without filing an application because they are included in a group exemption letter given to an affiliated parent organization. Not all organizations described in Section 501(c)(3) must apply for recognition of tax-exempt status, including churches, interchurch organizations of local units of a church, integrated auxiliaries of a church, conventions or associations of churches, and organizations (other than private foundations as described in Section 509(a)) that have normal gross receipts in each taxable year of not more than \$5,000. Section 501(c)(3) organizations that have not applied for recognition of tax-exempt status are not included in this number.
- [3] Includes teachers' retirement funds (Section 501(c)(11)); corporations organized to finance crop operations (Section 501(c)(16)); employee-funded pension trusts (Section 501(c)(18)); black lung benefit trusts (Section 501(c)(21)); veterans' associations founded prior to 1880 (Section 501(c)(23)); trusts described in Section 4049 of the Employee Retirement Income Security Act of 1974 (ERISA) (Section 501(c)(24)); state-sponsored high-risk health insurance organizations (Section 501(c)(26)); state-sponsored workers' compensation reinsurance organizations (Section 501(c)(27)); and qualified nonprofit health insurance issuers (Section 501(c)(29)). Tax-exempt status for legal services organizations (Section 501(c)(20)) was revoked effective June 20, 1992.

- [1] A defined benefit plan is a retirement plan that does not maintain individual account balances that reflect the accrued benefits of each plan participant. Instead, the accrued benefits are determined by a formula stated in the plan.
- [2] A defined contribution plan is a retirement plan that provides an individual account for each participant. Benefits are based solely on amounts contributed to the participant's account and any earnings on these contributions.
- [3] A traditional defined benefit plan is a retirement plan that does not maintain individual account balances (unlike Hybrid/PEP) that reflect the accrued benefits of each plan participant. Instead, the accrued benefits are determined by a formula stated in the plan.
- [4] The types of plans in the hybrid/PEP include cash balance plans, pension equity plans (PEP), and any other nonallocable or nonspecified plans. A cash balance plan is a defined benefit plan under which the benefit formula is expressed as the current balance of a hypothetical account maintained for the participant. A PEP is a defined benefit plan under which the benefit formula is expressed as the value of an accumulated percentage of the participant's final average compensation.
- [5] A 401(k) plan is a retirement plan in which employees may make salary deferral (salary reduction) contributions on a post-tax and/or pretax basis. Employers may make matching or nonelective contributions to the plan on behalf of eligible employees and may also add a profit-sharing feature to the plan.
- [6] There are two types of employee stock ownership plans (ESOPs): a "leveraged" employee stock ownership plan and a "nonleveraged" employee stock ownership plan. A leveraged ESOP is a retirement plan in which a company leverages its credit to borrow money to fund the retirement plan. The company uses the borrowed funds to purchase shares from the company's treasury for the retirement plan and makes annual contributions to repay the original loan. A nonleveraged ESOP is a retirement plan in which a company contributes either cash to purchase outstanding shares of company stock or contributes a certain amount of shares from the company's treasury to employee accounts.
- [7] A profit-sharing plan is a retirement plan that gives employees a share in the profits of the company. Contributions to employee retirement accounts are determined as a percentage of annual company profits.
- [8] Other plans are defined contribution plan types not included in this table. In Fiscal Year (FY) 2023, these were money purchase plans and stock bonus plans. A money purchase retirement plan is a retirement plan under which employer contributions are based on a fixed percentage of compensation. Contributions are required every year, regardless of earnings and profits. A stock bonus plan is a retirement plan that is funded by employer contributions of corporate stock.
- [9] Reflects retirement plans for which IRS issued determination letters. Regardless of plan type, all plans in this table also satisfied the qualification requirements of federal pension law. No adverse determination letters were issued in FY 2023.
- [10] Totals may be overstated to the extent that employees who participate in more than one plan may be counted more than once.

NOTES:

Some determination letter data reported in this table are not comparable to data reported in the IRS *Data Book* prior to FY 2020.

The determination letter application process is voluntary; if and when employers decide to file can cause significant differences in the data from year to year.

Compliance Presence

This section of the *IRS Data Book* highlights the IRS's compliance efforts. Examinations (audits) of most types of tax returns, information reporting and verification, math error notices, and criminal investigations are critical tools to determine if income, expenses, and credits are being accurately reported and to identify and resolve taxpayer errors and to identify fraud. These tools ensure the IRS has a presence across all types of taxpayers, for all income and asset levels.

For the past decade, the IRS has seen an increase in the number and complexity of returns filed paired with a decrease in resources available for examinations. The Service is constantly adapting and improving its processes to identify errors, detect fraudulent activity, and ensure resources are allocated as efficiently and effectively as possible. While the IRS accepts most

returns as filed, some are selected for examination using various methods, including random sampling and computerized screening. IRS examinations are conducted through the mail (correspondence) or face-to-face (field).

The IRS also offers programs that encourage a more proactive approach to ensuring tax compliance for large and international businesses. Tax certainty programs, including the Advance Pricing Agreement (APA) Program and the Compliance Assurance Process (CAP) Program, help taxpayers improve their federal tax compliance via cooperation with the IRS prior to the filing of tax returns.

The IRS gathers independent information about income received and taxes withheld from information returns, such as Forms W-2 and 1099 filed by employers and other third

parties. The IRS uses this information to verify self-reported income and tax on returns filed by taxpayers. With its Automated Underreporter Program, the IRS matches these information returns to tax returns and contacts taxpayers to resolve discrepancies. In the Automated Substitute for Return Program, the IRS uses information returns from third parties to identify nonfilers; construct tax returns for certain nonfilers based on that third-party information; and assess tax, interest, and penalties based on the substitute returns. To further verify the accuracy of reported information, the IRS also checks for mathematical and clerical errors before refunds are paid.

IRS's Criminal Investigation function conducts investigations of alleged criminal violations of the tax code and related financial statutes, which may in turn lead to prosecution, fines, and imprisonment.

Highlights of the Data

- For all returns filed for Tax Years (TY) 2013 through 2021, the IRS has examined 0.44 percent of individual returns filed and 0.74 percent of corporation returns filed, as of the end of Fiscal Year (FY) 2023 (Table 17).
- The IRS has examined the returns of 8.7 percent of taxpayers filing individual returns reporting total positive income of \$10 million or more for TYs 2013 through 2021, as of the end of FY 2023 (Table 17).
- The exam coverage rate for TY 2019 (the most recent year outside the statute of limitations period) of individual taxpayers reporting total positive income (TPI) of \$10 million or more was 11.0 percent. The rate

NOTE: Represents total returns (closed and in-process) examined for each classification, as a percentage of the total number of returns filed for the tax year for that classification. Percentages for recent tax years (dashed segments) may increase as additional examinations are opened, as these returns are still within the statute of limitations.

for taxpayers with TPI of \$5 million–\$10 million was 3.1 percent, and 1.6 percent for those with TPI of \$1 million–\$5 million (Table 17).

- In FY 2023, the IRS closed 582,944 tax return audits, resulting in \$31.9 billion in recommended additional tax (Table 18).
- Of these closed examinations, 13,482 taxpayers, or 2.3 percent, did not agree with the IRS examiner's determination, resulting in an unagreed recommended additional tax of \$19.5 billion (Table 18).
- In FY 2023, 22.7 percent of exams were conducted in the field, yielding over \$24.1 billion in additional recommended tax (Table 18).
- The remaining 77.3 percent of audits were conducted via correspondence, resulting in almost \$7.8 billion of additional recommended tax (Table 18).
- In FY 2023, 14,527 examinations protected a total of nearly \$4.5 billion in refund payments, of which more than \$4.4 billion came from field examinations and \$38.6 million from correspondence examinations (Table 19).
- In FY 2023, there were 16,302 examinations resulting in refunds to the taxpayer, totaling more than \$4.8 billion. Of this, \$2.7 billion went to corporations (Table 20).
- The IRS examined 7,666 tax-exempt organization, employee retirement plan, government entity, tax-exempt bond, and related taxable returns in FY 2023 (Table 21).
- In FY 2023, 139 Advance Pricing Agreements (APA) were executed, 81.3 percent of which were bilateral in nature (Table 22).
- A total of 123 corporate taxpayers participated in the Compliance Assurance Process (CAP) Program during FY 2023 (Table 23).
- The IRS closed 1.0 million cases under the Automated Underreporter Program in FY 2023, resulting in \$6.6 billion in additional assessments. The IRS closed 252,098 cases under its Automated Substitute for Return Program, resulting in nearly \$1.1 billion in additional assessments (Table 24).
- The IRS received over 5.4 billion third-party information returns in

FY 2023; of these, 92.8 percent were filed electronically (Table 24).

- For TY 2022 individual income tax returns processed during FY 2023, the two most common math error types were related to the Child Tax Credit, which made up 24 percent of total math errors, and the Recovery Rebate Credit, which accounted for 20.1 percent. The most common type of error for TY 2021 and prior-year returns processed in FY 2023 was for errors related to the Recovery Rebate Credit,

making up 47.1 percent of the total (Table 25).

- For these TY 2022 returns, the IRS sent 2.2 million notices to taxpayers for nearly 2.7 million math errors identified. For TY 2021 and prior-year returns, 1.5 million notices were sent for just under 1.8 million math errors identified (Table 25).
- In FY 2023, the IRS completed 2,584 criminal investigations in three areas—979 legal-source tax crime

cases, which involve activities, industries, and occupations that generate legitimate income or threats to the tax system; 1,052 illegal-source financial crime cases, which relate to proceeds derived from unlawful sources such as money laundering; and 553 narcotics-related financial crime cases, which involve investigating narcotics-related tax and money-laundering crimes. These cases are often investigated in cooperation with the Justice Department and other law enforcement agencies (Table 26).

Table 17. Examination Coverage and Recommended Additional Tax After Examination, by Type and Size of Return, Tax Years 2013–2021—Continued**Footnotes**

- †—The shaded tax years show returns still within the normal 3-year statute of limitations. Therefore, the percentage covered and recommended additional tax will increase in future years as additional examinations are completed. See Notes for additional details.
- d—Not shown to avoid disclosure of information about specific taxpayers. However, the data are included in the appropriate totals.
- *—Data preceded by an asterisk are values from the prior year *Data Book*, Table 17. Due to these relatively small changes from year to year, the actual Fiscal Year (FY) 2023 values cannot be shown in order to avoid potential disclosure about specific taxpayers. However, the returns filed counts, percentage covered, and recommended additional tax amounts shown are the actual FY 2023 values.
- N/A—Not applicable.
- [1] The total number of returns filed for each tax year is derived from multiple sources. Therefore, some counts may change year to year while others will not. The return counts for individual, corporation (except for 1120–C), partnership, and gift tax returns are from official published IRS statistics; these counts will not change over time. The return counts for 1120–C, estate and trust income, estate, employment, and excise tax returns are from IRS databases and will be updated each year. These fields include all returns filed for the specified tax year as of December 31, 2023.
 - [2] Includes examinations that were closed as of September 30, 2023. During the course of an examination, additional related returns within the statute of limitations may require examination; these related return closures are counted by the appropriate tax year and form type. Represents a distinct count of taxpayers by tax year and form type.
 - [3] Includes examinations that are in an open examination status. During the course of an examination, additional related returns within the statute of limitations may require examination; these related return examinations are counted by the appropriate tax year and form type. Represents a distinct count of taxpayers by tax year and form type.
 - [4] Represents total returns (closed and in-process) examined for each classification, as a percentage of the total number of returns filed for the tax year for that classification. This percentage may increase in future years as additional returns are selected for examination.
 - [5] No-change examinations (cases where no adjustment to tax liability is made) tend to close more quickly than examinations resulting in changes. Therefore, for recent tax years, the percentage of returns with no changes (compared to the total number of examinations closed) may appear higher than returns with no change for past years, and this rate may decrease over time as more examinations are closed.
 - [6] Not tabulated.
 - [7] Includes all Form 1040 series returns, except 1040–PR and 1040–SS, which are included in international returns (see footnote 8). In general, total positive income (TPI) is the sum of all positive amounts shown for the various sources of income reported on the individual income tax return, and thus excludes losses.
 - [8] Includes Forms 1040–PR (self-employment income tax return for Puerto Rico residents) and 1040–SS (self-employment income tax return for U.S. Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands residents).
 - [9] Includes all returns selected for examination on the basis of an earned income tax credit (EITC) claim. Shown separately for information purposes. Counts are included in the appropriate TPI classes above.
 - [10] Includes the Form 1120 series as follows: 1120 (corporation income tax return); 1120–C (income tax return for cooperative associations); 1120–F (foreign corporation income tax return, except foreign life insurance company, foreign property and casualty insurance company, or foreign sales corporation); 1120–H (homeowner association income tax return); 1120–L (life insurance company income tax return); 1120–ND (return for nuclear decommissioning funds); 1120–PC (property and casualty insurance company income tax return); and 1120–SF (income tax return for settlement funds). Excludes counts of examinations for certain other types of corporation returns, which are included in “Other taxable returns,” as described in footnote 19.
 - [11] Forms 1120–C are filed by cooperative associations.
 - [12] Less than 0.05 percent.
 - [13] Forms 1120–F are filed by foreign corporations with U.S. income, other than foreign life insurance companies (Form 1120–L); foreign property and casualty insurance companies (Form 1120–PC); or foreign sales corporations (Form 1120–FSC).
 - [14] Generally, entities filing Form 1065 do not have a tax liability but pass through any profits and losses to the underlying owners, who include these profits or losses on their income tax returns. Under certain conditions, some partnerships are subject to tax, and counts of those examinations are included in “Other taxable returns” in this table, as described in footnote 19.
 - [15] Includes most Forms 1120–S, which are filed by qualifying S corporations electing to be taxed through shareholders. Under certain conditions, some S corporations are subject to tax, and counts of those examinations are included in “Other taxable returns” in this table, as described in footnote 19.
 - [16] Includes taxable Form 1041 (income tax return for estates and trusts) and Form 1041–N (income tax return for electing Alaska Native Settlement Trusts).
 - [17] Includes Form 706 series as follows: 706 (estate and generation-skipping transfer tax return); 706–NA (estate tax return of nonresidents not a citizen of the United States); 706–GS(T) (generation-skipping transfer tax return for terminations); and 706–GS(D) (generation-skipping transfer tax return for distributions). Form 706–GS(T) and Form 706–GS(D) calculations are based on the tax year they are filed and do not include Form 706–GS(D–1).
 - [18] Excludes excise tax returns filed with U.S. Customs and Border Protection and the Alcohol and Tobacco Tax and Trade Bureau.
 - [19] Includes Forms 1120–FSC (foreign sales corporation income tax return); 1120–S for S corporations reporting a tax; 1120–REIT (real estate investment trust income tax return); 1120–RIC (regulated investment company income tax return); 1065–B for partnerships reporting a tax; 8288 (withholding tax return for disposition by foreign persons of U.S. real property interests); and 8804 (return of withholding tax on foreign partner’s share of effectively connected income).
 - [20] Includes the following nontaxable returns: Form 1120–IC–DISC (domestic international sales corporation return); Form 1041 (income tax return for estates and trusts); and Form 1066 (real estate mortgage investment conduit income tax return). Under certain circumstances, estates and trusts (Form 1041) are not subject to tax and are reported as nontaxable. See Estate and trust income tax returns for taxable Forms 1041.

NOTES:

Table 17 shows examination information for each of the last 9 tax years, 2013–2021. It is presented as a “snapshot” in time of the examination process, and the data will continue to change as open examinations close and new ones are opened. Comparing returns filed and return audits for the same tax year provides the most accurate measure of audit coverage, allowing for a direct and clear picture of IRS activities. Some audits close within a year while others take several. The percentage of audits of returns filed for relatively recent tax years may appear low because as of the end of the fiscal year, relatively few examinations had been opened or closed yet. This reflects the normal timing of the audit process; as new audits of returns filed for recent tax years are opened, audit rates for those years will increase. In contrast, audit rates are less subject to change for returns filed for tax years that are past the normal statute of limitations for assessment. Generally, the assessment statute expiration date is 3 years after the return was due, or 6 years if the income on the return was understated by 25 percent or more, and there is no statutory limit if a tax return was filed with the intent to commit fraud. Tax Year 2019 is the most recent year outside of the normal statute period. Going forward, the oldest tax year will no longer be updated and will be replaced by the newest full tax year.

d—Not shown to avoid disclosure of information about specific taxpayers. However, the data are included in the appropriate totals.

**—Data have been combined to avoid disclosure of information about specific taxpayers.

N/A—Not applicable.

- [1] Excludes excise tax returns filed with U.S. Customs and Border Protection and the Alcohol and Tobacco Tax and Trade Bureau. Also excludes returns of tax-exempt organizations, government entities, employee retirement benefit plans, and tax-exempt bonds; and excludes information returns (e.g., Forms 1098, 1099, 5498, W-2 and W-2G, and Schedule K-1).
- [2] Field examinations are generally performed in person by revenue agents, tax compliance officers, tax examiners, and revenue officer examiners. However, some field examinations may ultimately be conducted through correspondence in order to better serve the taxpayer.
- [3] In general, total positive income (TPI) is the sum of all positive amounts shown for the various sources of income reported on the individual income tax return, and thus excludes losses.
- [4] Includes Forms 1040-PR (self-employment income tax return for Puerto Rico residents) and 1040-SS (self-employment income tax return for U.S. Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands residents).
- [5] Includes all returns selected for examination on the basis of an earned income tax credit (EITC) claim. Shown separately for information purposes. Counts are included in the appropriate TPI classes.
- [6] Includes the Form 1120 series as follows: 1120 (corporation income tax return); 1120-C (income tax return for cooperative associations); 1120-F (foreign corporation income tax return, except foreign life insurance company, foreign property and casualty insurance company, or foreign sales corporation); 1120-H (homeowner association income tax return); 1120-L (life insurance company income tax return); 1120-ND (return for nuclear decommissioning funds); 1120-PC (property and casualty insurance company income tax return); 1120-REIT (real estate investment trust income tax return); 1120-RIC (regulated investment company income tax return); and 1120-SF (income tax return for settlement funds). Excludes certain other types of corporation returns, which are included in "Other taxable returns" described in footnote 10.
- [7] Forms 1120-C are filed by cooperative associations. Forms 1120-F are filed by foreign corporations with U.S. income, other than foreign life insurance companies (Form 1120-L); foreign property and casualty insurance companies (Form 1120-PC); or foreign sales corporations (Form 1120-FSC).
- [8] Includes taxable Form 1041 (income tax return for estates and trusts) and Form 1041-N (income tax return for electing Alaska Native Settlement Trusts).
- [9] Includes Form 706 (estate and generation-skipping transfer tax return). As a result of changes in the Tax Cuts and Jobs Act of 2017, the IRS changed how it categorizes returns based on the size of gross estate amount, effective January 2021. In order to avoid disclosure of information about specific taxpayers, only the total is provided.
- [10] Includes Forms 1120-FSC (foreign sales corporation income tax return); 1120-S for S corporations reporting a tax (see footnote 12); 1065-B for partnerships reporting a tax; 8288 (withholding tax return for disposition by foreign persons of U.S. property interests); and 8804 (return of withholding tax on foreign partner's share of effectively connected income).
- [11] Nontaxable returns are filed for entities that generally do not have a tax liability but pass through any profits and losses to the underlying owners, who include these profits or losses on their income tax returns. The examination of partnership, S corporation, and other nontaxable returns affects the amount of recommended additional tax for these associated income tax returns.
- [12] Includes most Forms 1120-S, which are filed by qualifying S corporations electing to be taxed through shareholders. Under certain conditions, S corporations are subject to tax and are included in "Other taxable returns" in this table. See footnote 10.
- [13] Includes the following nontaxable returns: Form 1120-IC-DISC (domestic international sales corporation return); Form 1041 (income tax return for estates and trusts); and Form 1066 (real estate mortgage investment conduit income tax return). Under certain circumstances, estates and trusts (Form 1041) are not subject to tax and are reported as nontaxable. See estate and trust income tax returns for taxable Forms 1041.

NOTES:

Detail may not add to totals because of rounding.

This table includes information on examinations closed in Fiscal Year 2023 of all individual income tax, corporation income tax, estate and trust income tax, estate tax, gift tax, employment tax, excise tax, and other taxable returns, as well as partnership, S corporation, and other nontaxable returns, and information on examinations in which the taxpayer did not agree with the IRS examiner's determination. When this occurs, the taxpayer may appeal the decision.

d—Not shown to avoid disclosure of information about specific taxpayers. However, the data are included in the appropriate totals when possible.

- [1] Excludes excise tax returns filed with U.S. Customs and Border Protection and the Alcohol and Tobacco Tax and Trade Bureau. Also excludes returns of tax-exempt organizations, government entities, employee retirement benefit plans, and tax-exempt bonds; and excludes information returns (e.g., Forms 1098, 1099, 5498, W-2 and W-2G, and Schedule K-1).
- [2] Field examinations are generally performed in person by revenue agents, tax compliance officers, tax examiners, and revenue officer examiners. However, some field examinations may ultimately be conducted through correspondence in order to better serve the taxpayer.
- [3] In general, total positive income (TPI) is the sum of all positive amounts shown for the various sources of income reported on the individual income tax return, and thus excludes losses.
- [4] Includes Forms 1040-PR (self-employment income tax return for Puerto Rico residents) and 1040-SS (self-employment income tax return for U.S. Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands residents).
- [5] Includes all returns selected for examination on the basis of an earned income tax credit (EITC) claim. Shown separately for information purposes. Counts are included in the appropriate TPI classes.
- [6] Includes the Form 1120 series as follows: 1120 (corporation income tax return); 1120-C (income tax return for cooperative associations); 1120-F (foreign corporation income tax return, except foreign life insurance company, foreign property and casualty insurance company, or foreign sales corporation); 1120-H (homeowner association income tax return); 1120-L (life insurance company income tax return); 1120-ND (return for nuclear decommissioning funds); 1120-PC (property and casualty insurance company income tax return); 1120-REIT (real estate investment trust income tax return); 1120-RIC (regulated investment company income tax return); and 1120-SF (income tax return for settlement funds). Excludes certain other types of corporation returns, which are included in "Other taxable returns" described in footnote 10.
- [7] Forms 1120-C are filed by cooperative associations. Forms 1120-F are filed by foreign corporations with U.S. income, other than foreign life insurance companies (Form 1120-L); foreign property and casualty insurance companies (Form 1120-PC); or foreign sales corporations (Form 1120-FSC).
- [8] Includes taxable Form 1041 (income tax return for estates and trusts) and Form 1041-N (income tax return for electing Alaska Native Settlement Trusts).
- [9] Includes Form 706 (estate and generation-skipping transfer tax return). As a result of changes in the Tax Cuts and Jobs Act of 2017, the IRS changed how it categorizes returns based on the size of gross estate amount, effective January 2021. In order to avoid disclosure of information about specific taxpayers, only the total is provided.
- [10] Includes Forms 1120-FSC (foreign sales corporation income tax return); 1120-S for S corporations reporting a tax; 1065-B for partnerships reporting a tax; 8288 (withholding tax return for disposition by foreign persons of U.S. property interests); and 8804 (return of withholding tax on foreign partner's share of effectively connected income).

NOTES:

Detail may not add to totals because of rounding.

This table includes information on examinations closed in Fiscal Year (FY) 2023 in which actions were taken by the IRS to prevent the release of funds from the U.S. Treasury in response to taxpayer efforts to recoup all, or part, of previously assessed and paid tax. For information on all FY 2023 examinations of individual income tax, corporation income tax, estate and trust income tax, estate tax, gift tax, employment tax, excise tax, and other taxable returns, along with partnership, S corporation, and other nontaxable returns, see Table 18.

Employee retirement plan Non-Return Units [12]	175

[1] Form 990 series includes: 990 (tax-exempt organization information return, long form); 990-EZ (tax-exempt organization information return, short form); and 990-N (electronic notice (e-Postcard) for tax-exempt organizations not required to file Forms 990 or 990-EZ).

[2] Includes Form 990-PF (private foundation information return); Form 1041-A (information return of charitable contribution deductions by certain trusts); Form 1120-POL (income tax return for certain political organizations); and Form 5227 (split-interest trust information return).

[3] Form 5500 series includes: 5500 (annual return/report of employee benefit plan); 5500-EZ (annual return of a one-participant (owners/partners and their spouses) retirement plan or a foreign plan); and 5500-SF (short form annual return/report of small employee benefit plan).

[4] Employment tax returns include: Forms 940 (employer's federal unemployment tax return); 941 (employer's quarterly tax return for income and Social Security taxes withheld for other than household and agricultural employees); 943 (employer's tax return for agricultural employees); 944 (employer's annual tax return); 945 (tax return of withheld income tax from nonpayroll distributions); and 1042 (tax return of withheld income tax on U.S.-source income of foreign persons). Also includes stand-alone examinations of Form 1099 series information returns. Includes employment tax returns that are "related taxable returns" picked up as part of an examination on an exempt organization's Form 990 series return; and stand-alone examinations of federal, state, local, and Indian tribal governments, and exempt organization employment tax returns. Although these entities do not have an income tax return filing requirement, they are subject to employment taxes as well as excise taxes (Forms 11-C and 730) that are reported under "related taxable returns."

[5] Includes Forms 8038 (information return for tax-exempt private activity bond issues); 8038-B (information return for Build America bonds and recovery zone economic development bonds); 8038-CP (return for credit payments to issuers of qualified bonds); 8038-G (information return for governmental obligations); 8038-GC (information return for consolidated small tax-exempt government bond issues, leases, and installment sales); 8038-T (arbitrage rebate return); and 8038-TC (information return for tax credit bonds and specified tax credit bonds).

[6] Form 990-T is the tax-exempt organization unrelated business income tax return.

[7] Form 4720 is used to report excise taxes on tax-exempt organizations and related individuals.

[8] Form 5330 is used to report excise taxes related to employee retirement plans.

[9] Form 1040 series (individual returns); Form 1041 (estate and trust return); Form 1065 (partnership return); or Form 1120 series (corporation returns) adjusted as a result of examination of a tax-exempt organization, employee retirement plan, or government entity, as applicable.

[10] Form 11-C reports the occupational tax for wagering and Form 730 reports the excise tax on wagering.

[11] Form 5329 is used to report additional taxes on qualified retirement plans such as Individual Retirement Accounts (IRAs) and other tax-favored accounts.

[12] Tax Exempt and Government Entities, Employee Plans, often examines retirement plans that are not required to file a return. These are called Non-Return Units.

Table 22. Tax Certainty: Advance Pricing Agreement Program, by Type of Agreement, Fiscal Year 2023 **NEW**

Type of agreement	Requests received	Advance Pricing Agreements executed [1, 2]			Pending requests
		Number	Average months to complete agreement	Average number of tax years covered by agreement [3]

Unilateral [4]	13	d	36	6	41
Bilateral [5]	156	113	46	6	498
Multilateral [6]	7	d	71	5	33

d—Not shown to avoid disclosure of information about specific taxpayers. However, the data are included in the appropriate totals.

[1] An Advance Pricing Agreement (APA) is an agreement between the IRS and a taxpayer that determines the Arm's Length Price (ALP) or specifies the manner of the determination of ALP (or both), in relation to an international transaction(s) for filed and unfiled prospective tax years. In the case of bilateral and multilateral APAs, the agreement between the IRS and the taxpayer is executed after the IRS and the relevant foreign tax administration(s) reach agreement on the appropriate ALP under the applicable U.S. income tax treaty or treaties. Taxpayers are required to file annual reports to demonstrate compliance with the terms and conditions of their APAs.

[2] Includes requests received in Fiscal Year 2023 and in prior fiscal years. Does not include APAs that were closed unagreed.

[3] For the tax year(s) covered, the taxpayer's pricing of the covered international transaction(s) is considered compliant for U.S. income tax purposes so long as it is reported in accordance with the terms of the APA. When establishing an agreement, taxpayers are expected to request an APA term that would cover at least five prospective years and may also request that the APA be "rolled back" to cover one or more earlier taxable years.

[4] An APA that involves only the taxpayer and the IRS.

[5] An APA that involves the taxpayer, a related entity of the taxpayer in a foreign country, the IRS, and the tax administration of the related entity.

[6] An APA that involves the taxpayer, two or more related entities of the taxpayer in different foreign countries, the IRS, and the tax administration of the related entities.

NOTES:

Cases may cross fiscal years. Therefore, the workload of cases shown in this table may be related to cases initiated in prior years. As of September 30, 2023, there were 442 taxpayers with pending APA requests. A taxpayer may have multiple pending requests.

The information presented in Table 22 differs from the APMA's annual statutory report because that information is reported on a calendar year basis, as opposed to fiscal year.

Table 23. Tax Certainty: Compliance Assurance Process Program, by Program Phase, Fiscal Year 2023 **NEW**

Program phase	Tax Year 2022	Tax Year 2023
Total [1]	123	123
Compliance Assurance Process phase [2]	36	33
Compliance Maintenance phase [3]	66	56
Bridge phase [4]	21	34

- [1] The Compliance Assurance Process (CAP) helps large corporate taxpayers improve federal tax compliance. The process enables the taxpayer and the IRS to use real-time issue resolution tools and techniques, resolve issues before filing tax returns and comply with federal tax laws, and ensure accurate tax returns, which shortens the IRS audit process. A CAP taxpayer must be a U.S. publicly held corporate taxpayer with assets of \$10 million or more. A CAP taxpayer must not be under investigation by, or in litigation with, the IRS or any federal or state agency which would limit access to current corporate tax records. Transparency and cooperation should reduce the taxpayer's and the IRS's use of resources. The IRS's participation in the prefilling review during the CAP does not constitute an examination or inspection of the taxpayer's books of account for purposes of IRC 7605(b). All prefilling work occurs until the return is filed. In the CAP, Compliance Maintenance (CM) and Bridge Plus phases, taxpayers must undergo a postfiling review, which is an exam process, in order to verify that all resolved issues were reported as agreed and that all disclosures were made in accordance with the CAP Memorandum of Understanding (MOU). If issues are not resolved in prefilling or new material issues are discovered, the IRS will examine any such issues through the traditional postfiling examination process.
- [2] In the CAP phase, the taxpayer and IRS work together to achieve compliance and certainty by resolving all or most tax positions prior to filing of a tax return. A successful prefilling review allows the IRS to achieve an acceptable level of assurance regarding the accuracy of the taxpayer's filed tax return. The taxpayer will proactively provide the IRS with pertinent facts in order to develop material issues. Within 30 days of the date the return is filed, the taxpayer will provide a Post-Filing Representation that states that the filed return is consistent with the issue resolution agreements.
- [3] The CM phase relies on the same provisions as the CAP phase. The same MOU and criteria that apply to the CAP phase also apply to the CM phase. Taxpayers will need to continue to make open, comprehensive, and contemporaneous disclosures of their completed business transactions in CM. After the taxpayer's annual application for the CAP program, the IRS will consider if CM or another phase is appropriate and will consider the taxpayer's history of compliance, cooperation and transparency in the CAP program.
- [4] The Bridge phase has been reserved for taxpayers whose risk of noncompliance does not warrant the continual use of examination resources. The IRS has not accepted any taxpayer disclosures, has not reviewed any issues and has not provided any assurance. If the taxpayer has a specific issue on which it wants certainty, the taxpayer may request a Pre-Filing Agreement for that issue. Generally, the IRS does not start a case for the Bridge phase. In the Bridge Plus phase, the taxpayer submits a documentation package that is assessed for risks. In Bridge Plus, cases are started 3 months after the end of the tax year, prior to filing the return. Bridge Plus is a pilot and final decisions on the future of the phase have not been made.

[1] Includes Form 1042-S (foreign person's U.S.-source income subject to withholding); Form 1097-BTC (bond tax credit); the Form 1098 series (including mortgage interest, student loan interest, and tuition payments); the Form 1099 series (including interest and dividend distributions); Form 3921 (exercise of an incentive stock option under Section 422(b)); Form 3922 (transfer of stock acquired through an employee stock purchase plan under Section 423(c)); the Form 5498 series (including individual retirement arrangement and medical savings account information); Form W-2 (wage and tax statements); Form W-2G (certain gambling winnings); and Schedule K-1 (partnership, S corporation, and estate or trust distributions). Information from these forms and schedules is matched to that reported on income tax returns.

Excludes Form 1099-T (tuition statement); Form 4789 (currency transaction report); Form 4790 (tax on accumulation distribution of trusts), Form 8288 (U.S. withholding tax return for dispositions by foreign persons of U.S. real property interests); Form 8300 (report of cash payments over \$10,000 received in a trade or business); Form 8362 (currency transaction report by casinos); Form 8596 (information return for federal contracts); 8805 (foreign partner's information statement of section 1446 withholding tax); 8935 (airline payments report); and the foreign bank and financial account penalty examination on the Financial Crimes Enforcement Network (FinCEN) family of forms. Also excludes Foreign Account Tax Compliance Act (FATCA) Form 8938 (statement of specified foreign financial assets) and Form 8966 (FATCA report).

[2] In addition to the forms listed in footnote 1, includes paper-filed Form 1096 (annual summary and transmittal of U.S. information returns).

[3] In addition to the forms listed in footnote 1, includes the total foreign information records containing traditional information exchange the IRS receives in accordance with the Organization for Economic Cooperation and Development standards. These records consist of information on certain foreign-sourced fixed, determinable, annual, or periodical payments to U.S. persons.

[4] Includes forms processed by the Social Security Administration, such as Forms SSA-1099 (Social Security benefit statement), RRB-1099 (payments by the Railroad Retirement Board), and W-2 (wage and tax statement).

[5] The objective of the Automated Underreporter Program (AUR) is to match taxpayer income and deductions submitted by third parties such as banks, brokerage firms, and other payers on information returns (such as Forms W-2 and 1099) against amounts reported on individual income tax returns. If a discrepancy is found, an AUR case is created, the taxpayer is contacted, and tax is assessed on any unresolved discrepancy.

[6] Reflects the number of closed cases for which a notice was issued to a taxpayer.

[7] Includes tax and interest.

[8] Reflects the total staff hours expended, converted to the number of full-time positions.

[9] Under the Automated Substitute for Return Program (ASFR), the IRS uses information returns from third parties (such as Forms W-2 and 1099) to identify tax return delinquencies, construct tax returns for certain nonfilers based on that third-party information, and assess tax, interest, and penalties based on the substitute returns.

[10] Reflects the number of closed cases within the ASFR system. The number of closed cases are reported separately as actual closures (where taxpayer contact was made) and terminated closures (where no ASFR taxpayer contact was made). Actual closures are cases for which notices were issued to taxpayers and were associated with staff hours used to calculate the number of full-time positions. Terminated closures are cases that required no notices to be sent; therefore, no full-time equivalent hours were expended.

[11] Includes tax, interest, and penalties assessed. Terminated closures receive no ASFR assessments.

NOTE:

Due to continued challenges related to the COVID-19 pandemic and processing center shutdowns to protect the health and safety of employees, the IRS continued to experience processing delays for some paper-filed forms. Additionally, some nonfiler initiatives remained paused to prevent burdening taxpayers whose returns may not yet have been processed.

N/A—Not applicable.

- [1] A math error notice to the taxpayer may address more than one type of math error. Therefore, the total number of errors exceeds the total number of notices.
- [2] The current fiscal year processing reflects the end of multiple COVID-19 pandemic-era credits and calculation changes. Combined with the resolution of processing backlogs, this resulted in a significant reduction in overall errors processed during the fiscal year, and caused changes to the distribution of taxpayer errors.
- [3] In Tax Year (TY) 2021, taxpayers reconciled any Advance Child Tax Credit payments they had received and claimed any remaining credits for which they were eligible. This volume includes both errors related to the additional credit and those related to repayment of an excess Advance Child Tax Credit paid.
- [4] The Recovery Rebate Credit allowed taxpayers who did not receive Economic Impact Payments (less than the full amount they were entitled to) to claim a credit on their tax return in Tax Years 2020 and 2021. The primary cause for math errors in the Recovery Rebate Credit was that many taxpayers incorrectly calculated their allowable Recovery Rebate Credit amount or claimed a credit they were not entitled to.
- [5] Includes all errors associated with the calculation and assessment of income taxes, as well as other taxes, such as self-employment tax, alternative minimum tax, and household employment tax. Amounts repaid for an excess Advance Child Tax Credit in TY 2021 are excluded.
- [6] Includes the Lifetime Learning Credit and the American Opportunity Tax Credits.
- [7] Includes the Child and Dependent Care Credit, Credit for the Elderly or Disabled, Retirement Savings Contribution Credit, Adoption Credit, Mortgage Interest Credit, General Business Credits, Credit for Federal Fuel Tax, Foreign Tax Credit, Residential Energy Credit, Alternative Motor Vehicle Credit, Qualified Plug-In Electric Drive Motor Vehicle Credit, Qualified Electric Vehicle Credit, Making Work Pay Credit (prior-year returns only), Health Coverage Tax Credit, Credit for Small-Employer Health Insurance Premiums, and Qualified Sick and Family Leave.
- [8] Includes miscellaneous errors and unique error types not included in any other math error definitions.

NOTES:

Detail may not add to totals because of rounding.

Math errors include a variety of conditions such as computational errors, incorrectly transcribed values, omitted entries, failure to meet eligibility requirements, claims that exceed statutory limits, and insufficiently supported claims which are identified during the processing of tax returns.

- [1] Investigations may cross fiscal years. An investigation initiated in one fiscal year may not be indicted, convicted, or sentenced until a subsequent fiscal year. Therefore, the disposition (completions, indictments/informations, convictions, sentences) of investigations shown in this table may be related to investigations initiated, completed, indicted, or convicted in prior fiscal years.
- [2] Under the Legal Source Tax Crimes Program, IRS Criminal Investigation (CI) identifies, investigates, and assists in the prosecution of crimes involving legal industries, legal occupations, and, more specifically, legally earned income associated with the violation of Title 26 (tax violations) and Title 18 (tax-related violations) of the U.S. Code. The Legal Source Tax Crimes Program also includes employment tax cases and those cases that threaten the tax system, such as Questionable Refund Program cases, unscrupulous return preparers, and frivolous filers/nonfilers who challenge the legality of the filing requirements.
- [3] Under the Illegal Source Financial Crimes Program, CI identifies, investigates, and assists in the prosecution of crimes involving proceeds derived from illegal sources other than narcotics. These encompass all tax and tax-related violations, as well as money laundering and currency violations under the following statutes: Title 26 (tax violations); Title 18 (tax-related and money laundering violations); and Title 31 (currency violations) of the U.S. Code. The utilization of forfeiture statutes to deprive individuals and organizations of illegally obtained assets is also linked to the investigation of criminal charges within this program.
- [4] Under the Narcotics-Related Financial Crimes Program, CI seeks to identify, investigate, and assist in the prosecution of the most significant narcotics-related tax and money laundering offenders. The IRS derives authority for this program from the statutes for which it has jurisdiction: Title 26 (tax violations); Title 18 (tax-related and money laundering violations); and Title 31 (currency violations) of the U.S. Code. IRS Criminal Investigation also devotes resources to high-level multiagency narcotics investigations warranting Organized Crime Drug Enforcement Task Force (OCDETF) designation in accordance with OCDETF Program reimbursable funding.
- [5] Defined as the total subject criminal investigations completed during the fiscal year, including those that resulted in a prosecution recommendation to the Department of Justice and those discontinued due to lack of evidence, a finding that the allegation was false, or other reason.
- [6] Both "indictments" and "informations" are accusations of criminal charges. An "indictment" is an accusation made by a federal prosecutor and issued by a federal grand jury. An "information" is an accusation brought by a federal prosecutor without the requirement of a grand jury.
- [7] The number of criminal convictions encompasses defendants who enter guilty and nolo contendere pleas, as well as those found guilty at trial.
- [8] The term "incarcerated" may include prison time, home confinement, electronic monitoring, or a combination thereof.

Collection Activities, Penalties, and Appeals

This section of the *IRS Data Book* presents information on collections and penalties resulting from individuals' or entities' failures to comply with the tax code. Failure to comply with filing, reporting, and payment requirements may result in civil penalties or, in some cases, criminal investigation. IRS's Collection function collects federal taxes that have been reported or assessed but not paid and secures tax returns that have not been filed. The IRS may assess penalties on cases for many reasons, including inaccuracies, failure to file, and failure to pay, but may also allow for a reduction of the amount of some penalties in certain cases.

Additionally, this section presents data on the IRS Independent Office of Appeals workload. The mission of Appeals is to resolve tax controversies without litigation, on a basis that is fair and impartial to both the taxpayer and the federal government. The Appeals Office considers cases that involve examination, collection, and penalty issues. Taxpayers who disagree with IRS findings in their cases may request an Appeals hearing. The local Appeals Office is separate from and independent of the IRS office that proposed the tax adjustment, collection action, or penalty.

Highlights of the Data

- In Fiscal Year (FY) 2023, the IRS collected more than \$104.1 billion in unpaid assessments on returns filed with additional tax due, netting about \$68.3 billion after credit transfers (Table 27).
- The IRS assessed more than \$25.6 billion in additional taxes for returns not filed timely and collected almost \$2.8 billion with delinquent returns (Table 27).
- In FY 2023, taxpayers proposed 30,163 offers in compromise to settle existing tax liabilities for less than the full amount owed. The IRS accepted 12,711 offers, amounting to \$214.5 million, during the year (Table 27).

- Taxpayers established nearly 2.7 million new installment agreements and paid \$14.4 billion toward all installment agreements in FY 2023 (Table 27).
- The IRS assessed almost \$65.6 billion in civil penalties in FY 2023. Of this, \$44.4 billion was assessed in civil penalties on individual and estate and trust income tax returns (Table 28).
- The IRS abated more than \$13.0 billion in civil penalties during the year, including nearly \$2.9 billion in abatements for individual and estate and trust income tax returns (Table 28).
- During FY 2023, the IRS Appeals Office closed 81,471 cases, including those received in prior fiscal years (Table 29).
- Of all the Appeals cases closed in FY 2023, 42.4 percent were Examination cases and 37.6 percent were Collection Due Process cases (Table 29).

- [1] Includes amounts collected through collection activity on previously unpaid assessed taxes plus assessed and accrued penalties and interest. Assessed tax may result from voluntarily filed returns, examinations of taxpayers' returns, or a combination of both.
- [2] In this instance, credit transfers are credits transferred from one tax module to another tax module where the receiving module is in collection status. A tax module is a record of tax data for a specific taxpayer covering one return for one tax period. These credit transfers are then subtracted from total yield to avoid overstating the net total amount collected.
- [3] Includes assessed penalties and interest but excludes any accrued penalties and interest. Assessed penalties and interest—usually determined simultaneously with the unpaid balance of tax—are computed on the unpaid balance of tax from the due date of the return to the date of assessment. Penalties and interest continue to accrue after the date of assessment until the taxpayer's balance is paid in full.
- [4] Includes net assessment of tax, penalty, and interest amounts (less prepaid credits, withholding, and estimated tax payments) on delinquent tax returns secured by collection activity. Excludes accrued penalty and interest.
- [5] A delinquency investigation is opened when a taxpayer does not respond to an IRS notice of a delinquent return.
- [6] An offer in compromise is a proposal by a taxpayer to the federal government that would settle a tax liability for payment of less than the full amount owed. Absent special circumstances, an offer will not be accepted if the IRS believes the liability can be paid in full as a lump sum or through a payment agreement.
- [7] Represents the number of lien requests entered into the IRS Automated Lien System.
- [8] Represents the number of levies requested on third parties by the Automated Collection System and Field Collection programs.
- [9] Represents the number of seizures conducted by the Field Collection program.
- [10] An installment agreement (IA) is an arrangement which allows an individual or business to pay their tax liabilities over time. Generally, a taxpayer may apply for an IA online, by phone, by mail, or in person. Penalties and interest continue to accrue until the balance due has been paid in full.
- [11] The number of agreements represents the number of taxpayers with IAs, not the number of tax modules in an IA status. Does not include agreements of 180 days or less.
- [12] The number of taxpayers whose remaining module(s) were moved from an active IA status to fully paid status. Taxpayers' module(s) may leave an active IA status in ways other than through "Full Paid."
- [13] Includes penalties and interest; does not include user fees.

NOTES:

Due to the COVID-19 pandemic, the IRS suspended most collection activities from March 30, 2020, through July 15, 2020, in order to provide relief to taxpayers and to ensure the health and safety of taxpayers and IRS employees. Fiscal Years 2022 and 2023 collections continued to be affected by the pandemic as additional collection activities resumed.

Detail may not add to totals because of rounding.

All amounts are in current dollars.

This table reflects delinquent collection activities for all return types.

Table 28. Civil Penalties Assessed and Abated, by Type of Tax and Type of Penalty, Fiscal Year 2023—Continued**Footnotes**

d—Not shown to avoid disclosure of information. However, the data are included in the appropriate totals.

- [1] Assessments of penalties included here were recorded in Fiscal Year (FY) 2023 regardless of the tax year to which the penalties may apply.
- [2] Abatements of penalties included here were recorded in FY 2023 regardless of the tax year to which the penalties may apply. An abatement is a reduction of assessed penalties. The IRS may approve an abatement of a penalty for: IRS error; reasonable cause; administrative and collection costs not warranting collection of penalty; discharge of penalty in bankruptcy; and the IRS's acceptance of partial payment of assessed penalty. Numbers and amounts represent only the portion of assessed penalties that were abated.
- [3] Represents penalties associated with the Form 1040 series (individual income tax return series) and Form 1041 (estate and trust income tax return).
- [4] Represents penalties for negligence; substantial understatement of income tax; substantial valuation misstatement; substantial understatement of pension liabilities; substantial estate or gift tax valuation understatement (under Internal Revenue Code (IRC) Section 6662); understatement of reportable transactions (under IRC Section 6662A); and underpayment of stamp tax (under IRC Section 6653).
- [5] Represents penalties related to federal tax deposits, failure to supply taxpayer identification number, and failure to report tip income.
- [6] Represents penalties associated with failure to provide information on Forms 1065 (partnership return) or 8752 (required payment or refund for a partnership under IRC Section 7519), or failure to file electronically Form 1065-B (large partnership return).
- [7] Represents penalties associated with the Form 1120 series (corporation income tax return series) and Form 990-T (tax-exempt organization unrelated business income tax return).
- [8] Represents penalties associated with failure to file electronically on Forms 1120-S (return for an S corporation) or 8752 (required payment or refund for an S corporation under IRC Section 7519).
- [9] Represents penalties associated with Forms 940 (employer's federal unemployment tax return); 941 (employer's tax return for income and Social Security taxes withheld for other than household and agricultural employees); 943 (employer's tax return for agricultural employees); 944 (employer's tax return); 945 (tax return for withheld income tax from nonpayroll distributions); 1040, Schedule H (household employment taxes); 1042 (tax return of withheld income tax on U.S.-source income of foreign persons); and CT-1 (railroad retirement tax return).
- [10] Represents penalties associated with Forms 11-C (occupational tax and registration for wagering return); 720 (excise tax return); 730 (excise tax return for wagering); 990 (tax-exempt organization information return); 990-PF (private foundation return); 1041-A (information return of charitable contribution deductions by certain trusts); 2290 (heavy highway vehicle use tax return); 4720 (excise tax return of charities and other persons); 5227 (split-interest trust information return); and 8886-T (disclosure by tax-exempt entity regarding prohibited tax shelter transaction).
- [11] Represents penalties under IRC Sections 6652(c)(2)(A) and (B) related to tax-exempt organizations or trusts. Penalties are assessed on a daily basis for failure to file Forms 990 (tax-exempt organization information return); 1041-A (information return of charitable contribution deductions by certain trusts); 5227 (split-interest trust information return); or 8886-T (disclosure by tax-exempt entity regarding prohibited tax shelter transaction).
- [12] Represents penalties associated with Forms 706 (estate tax return) and 709 (gift tax return).
- [13] Represents various penalties assessed and abated for a wide range of noncompliant behaviors, such as noncompliance related to tax return preparers and to information returns (e.g., Forms 1099, W-2, 3520-A, 8027, and 8300), as well as aiding and abetting; frivolous return filings; and misuse of dyed fuel. Also includes trust fund recovery penalties. Withheld income and employment taxes, including Social Security taxes, railroad retirement taxes, or collected excise taxes, are collectively called trust fund taxes because employers actually hold the employee's money in trust until they make a federal tax deposit in that amount. Trust fund recovery penalties are assessed when these employment taxes are not collected, accounted for, and paid timely. The amount of trust fund recovery penalties credited in FY 2023 was \$752,969,377 and is included in the amount abated.

NOTES:

Detail may not add to totals because of rounding.

Due to continued challenges from the COVID-19 pandemic, IRS provided relief from some penalties in certain circumstances due to delays in IRS remittance processing.

[1] Includes cases received in Fiscal Year 2023 and in prior fiscal years. Excludes cases transferred, reassigned, or returned to compliance as a premature referral.

[2] A case represents a taxpayer with one or more tax periods under consideration in Appeals. Cases that are temporarily assigned to Chief Counsel are not included in cases pending. See Tables 30 and 31 for information on Chief Counsel activity.

[3] Includes cases where the taxpayer requested a Collection Due Process (CDP) hearing with an Appeals Officer who has had no prior involvement with the case. A CDP hearing provides the taxpayer with an opportunity to appeal IRS collection actions early in the collection process in response to a notice of federal tax lien or notice of intent to levy. This category excludes CDP timeliness determination cases, which are included in the "Other" category; see footnote 10.

[4] An examination case in Appeals involves issues in dispute by the taxpayer relating to income, employment, excise, estate, and gift taxes or tax-exempt status.

[5] A penalty appeals case is one in which the taxpayer requests abatement of a civil penalty that was assessed before the taxpayer was given an opportunity to dispute the penalty. The taxpayer may submit a written request for abatement of the penalty, and if the request is denied, the taxpayer may appeal.

[6] An offer in compromise is an agreement between a taxpayer and the federal government that settles a tax liability for payment of less than the full amount owed. The IRS may reject a taxpayer's offer, and the taxpayer may request that Appeals review and decide whether the offer is acceptable.

[7] An innocent spouse case in Appeals is one in which the taxpayer requested and was denied innocent spouse relief by the IRS. This includes cases where a taxpayer who filed a joint return with a spouse or ex-spouse can apply for relief of tax, interest, and penalties if he/she meets specific requirements. The innocent spouse may request that Appeals review and decide whether the denial was correct.

[8] An industry case (IC) designation is assigned to a large corporate taxpayer that does not meet the criteria to be designated as a coordinated industry case (CIC); see footnote 9. An IC taxpayer may appeal the findings of an examination conducted by the IRS.

[9] A CIC designation is assigned to a large corporate taxpayer based on factors such as the taxpayer's gross assets, gross receipts, operating entities, industries, and/or foreign assets. A CIC taxpayer may appeal the findings of an examination conducted by the IRS.

[10] "Other" includes cases considered by Appeals involving issues related to abatement of interest, collection appeals program, Office of Professional Responsibility (OPR), Freedom of Information Act (FOIA), trust fund recovery penalty, Collection Due Process timeliness determination, and other miscellaneous penalties as defined below:

Abatement of interest—Cases of disputed interest on tax deficiencies or payments in which IRS errors or delays may have contributed to the assessed interest.

Collection appeals program—Provides the taxpayer, or a third party whose property is subject to a collection action, an administrative appeal for certain collection actions including levy or seizure action that was or will be taken, notice of federal tax lien that was or will be filed, and rejected or terminated installment agreements.

Office of Professional Responsibility—A tax professional may appeal the findings of the IRS OPR. OPR has oversight responsibility for tax professionals and investigates allegations of misconduct and negligence against attorneys, certified public accountants, enrolled agents, and other practitioners representing taxpayers before the IRS. In addition, IRS e-file applicants and providers may request an administrative review when the applicant is denied participation in IRS e-file or the provider is sanctioned while participating in IRS e-file.

Freedom of Information Act—A taxpayer may appeal the denial of a request for records made under the Freedom of Information Act.

Trust fund recovery penalty—An employer is required to pay trust fund taxes to the U.S. Treasury through federal tax deposits. Withheld income and employment taxes, including Social Security taxes, railroad retirement taxes, or collected excise taxes, are collectively called trust fund taxes because employers actually hold the employee's money in trust until they make a federal tax deposit in that amount. A trust fund recovery penalty applies to the responsible person(s) for the total amount of trust fund taxes evaded, not collected, or not accounted for and not paid to the U.S. Treasury. The taxpayer may appeal Collection's determination.

Collection Due Process timeliness determination—A taxpayer submits a request for a Collection Due Process (CDP) hearing and Equivalent Hearing (EH) and Appeals will determine if the CDP or EH request was received timely and is processable.

Other penalties—This subcategory includes a variety of different types of penalties that may be appealed. Tax return preparers may appeal penalties imposed under Internal Revenue Code (IRC) Sections 6694 and 6695 for understatement of a taxpayer's tax liability or with respect to preparation of a tax return. Tax shelter promoters may appeal penalties imposed under IRC Sections 6700 or 6701 for aiding and abetting an understatement of tax liability. A penalty imposed under IRC Section 6715 for dyed diesel fuel may be appealed. A taxpayer may appeal the denial of an application for an extension of time to pay estate tax under the provisions of IRC Section 6161. Also includes penalties imposed under other IRC Sections not specified in this note.

NOTE: Cases may cross fiscal years. Therefore, the workload of cases shown in this table may be related to cases initiated in prior years.

Chief Counsel Workload: Total Cases Closed, by Office, Fiscal Year 2023

SOURCE: 2023 IRS Data Book Table 30

Chief Counsel

This section of the *Data Book* provides an overview of the IRS Chief Counsel's workload and activities. The IRS Chief Counsel is appointed by the President of the United States, with the advice and consent of the U.S. Senate, and serves as the chief legal advisor to the IRS Commissioner on all matters pertaining to the interpretation, administration, and enforcement of the Internal Revenue Code, as well as all other legal matters. Under the IRS Restructuring and Reform Act of 1998, the Chief Counsel reports to the IRS Commissioner and the Treasury General Counsel.

Attorneys in the Chief Counsel's Office serve as lawyers for the IRS. They provide the IRS and taxpayers with guidance on interpreting federal tax laws correctly, represent the IRS in litigation, and provide all other legal support required to carry out the IRS mission.

Highlights of the Data

- In Fiscal Year (FY) 2023, Chief Counsel received 54,979 cases and closed 65,603 cases, including those received in prior years (Table 30).
- Of the cases closed in FY 2023, 68.8 percent were from the Small Business/Self-Employed Division (Table 30).
- Of the 65,603 cases closed, Chief Counsel closed 7.2 percent through guidance and assistance. This includes published guidance, advanced case resolution, treaties, legislation, congressional and executive correspondence, training and public outreach, and prefiling legal advice to the IRS (Table 30).
- Nearly 82.2 percent of new cases received and about 86.2 percent of cases closed were related to tax law enforcement and litigation, including Tax Court litigation; collection,

bankruptcy, and summons advice and litigation; Appellate Court litigation; criminal tax; and enforcement advice and assistance (Table 30).

- In FY 2023, Chief Counsel received 22,211 Tax Court cases involving a taxpayer contesting an IRS determination that they owed additional tax. During the fiscal year, Chief Counsel closed 34,907 cases involving \$5.5 billion in disputed taxes and penalties (Table 31).

d—Not shown to avoid disclosure of information about specific taxpayers. However, the data are included in the appropriate totals.

- [1] Includes published guidance, advanced case resolution, treaties, legislation, congressional and executive correspondence, training and public outreach, and pre-filing legal advice to the IRS.
- [2] Includes Tax Court litigation; collection, bankruptcy, and summons advice and litigation; Appellate Court litigation; criminal tax; and enforcement advice and assistance. See Table 29 for tax litigation case information.
- [3] Includes electronic and other tax-filing legal advice, disclosure advice and litigation, and general legal services advice and litigation.
- [4] Provides legal advice, litigation services and litigation support on matters involving corporate organizations, reorganizations, liquidations, spin-offs, transfers to controlled corporations, distributions to shareholders, debt vs. equity determinations, bankruptcies, and consolidated return issues affecting groups of affiliated corporations, among other matters.
- [5] Provides legal advice and support to the National Taxpayer Advocate (NTA) and the Taxpayer Advocate Service (TAS) in fulfilling the mission of TAS set forth in Internal Revenue Code Section 7803(c). Coordinates all legal services provided to the NTA and the NTA's headquarters employees, and reviews, coordinates, and elevates, if requested by TAS, legal advice provided by field Chief Counsel offices to field TAS offices. Provides advice and support to the IRS National Taxpayer Advocate. This office partners with the Division Counsel (Small Business and Self-Employed) to provide full service to taxpayers.
- [6] Provides advice and legal counsel to IRS Criminal Investigation in all areas of the Criminal Tax function including tax, currency, virtual currency, cybersecurity, and money laundering crimes and criminal procedure; provides legal counsel on investigative matters such as administrative and grand jury investigations, undercover operations, electronic surveillance, search warrants, the use of emerging investigative technologies, and forfeitures; the referral of cases to the Department of Justice (DOJ) for grand jury investigation, criminal prosecution and the commencement of forfeitures; and coordination with external law enforcement agencies, other offices within the IRS and the Office of Chief Counsel on all matters involving Criminal Tax, including the impact of parallel civil proceedings.
- [7] Provides legal advice, litigation services, and litigation support on matters involving employee benefits including qualified retirement plans, Individual Retirement Accounts (IRAs), executive compensation arrangements, and health and welfare plans, exempt organizations, employment taxes, and certain issues related to federal, state, local, and Indian tribal governments.
- [8] Provides legal advice, litigation services, and litigation support on tax matters involving financial institutions and the taxation of financial products to include banks, thrift institutions, insurance companies, regulated investment companies, real estate investment trusts, asset securitization arrangements, life insurance contracts, annuities, options, futures contracts, original issue discount obligations, hedging arrangements, and government entities issues including tax-exempt bonds and other types of innovative financial instruments and entities.
- [9] Provides litigation services and litigation support to the DOJ on matters involving personnel, discrimination, labor-management regulations, and procurement; provides advisory opinions on non-tax legal matters including labor and personnel matters, procurement, information technology and cybersecurity law, licenses, grants, fiscal law, intellectual property law, delegations of authority, and other matters related to the management of the agency; and serves as the agency's Deputy Ethics Official, providing ethics training, ethics advice, and reviewing public financial disclosure reports.
- [10] Provides legal advice, litigation services, and litigation support on tax matters involving recognition and timing of income and deductions by individuals and corporations, sales and exchanges, capital gains and losses, accounting methods and periods, depreciation and other cost recovery issues, installment sales, long-term contracts, inventories, and alternative minimum tax.

Table 30. Chief Counsel Workload: All Cases, by Office and Type of Case, Fiscal Year 2023—Continued**Footnotes—continued**

- [11] Provides legal advice, technical guidance (including guidance published in the Federal Register and/or Internal Revenue Bulletin), and litigation support on matters involving the international provisions of the United States revenue laws, bilateral and multilateral tax treaties, and agreements to which the United States is a party. Participates in the Organization for Economic Cooperation and Development (OECD) as a delegate for the United States.
- [12] Represents the IRS in litigation before the U.S. Tax Court on the largest and most complex cases, such as transfer pricing, international transactions, financial products, validity challenges to regulations under the Tax Cuts and Jobs Acts, complex partnership cases, abusive tax shelter transactions, and whistleblowers. Large Business and International (LB&I) provides enforcement advice in connection with examinations of corporations, subchapter S corporations, and partnerships with assets greater than \$10 million. LB&I assists the DOJ in cases before the U.S. District Courts. LB&I is the second largest Chief Counsel Division.
- [13] Provides legal advice, litigation services, and litigation support on tax matters involving income taxes of S corporations, partnerships (including limited liability companies); trusts, estates, gifts, generation-skipping transfers, certain excise taxes, income tax credits, cooperative housing corporations, farmers' and other cooperatives, low-income housing credit, research and expenditures, and certain homeowner associations.
- [14] Provides legal advice, litigation services, and litigation support on matters involving reported and paid taxes; assessment and collection of taxes (including interest and penalties); abatement, credit or refund of overassessments or overpayments of tax; filing information returns; bankruptcy, summonses, information gathering and discovery (including electronic discovery); federal tax liens and levies; damage claims; attorney fees; disclosure, privacy and Freedom of Information Act issues, and privileges; judicial practice and judicial doctrines. Argues motions before the Tax Court and provides litigation support on novel and significant issues, including electronic litigation; and on challenging legal issues which are fundamental to efficient tax administration, i.e., issues arising in connection with numerous IRS initiatives and enforcement activities often in the context of an increasingly computerized and internet-based tax system (e.g., regulation challenges).
- [15] Represents the IRS before the U.S. Tax Court in approximately 28,000 new petitions annually. This litigation is conducted in person, in cities across the country (virtually during the pandemic), involving a vast array of issues such as estate and gift tax, passport revocations, collection due process, fraud and other penalties, and issues significant to tax administration such as abusive tax transactions. The Division is also at the forefront of a "settlement days" program, offered both virtually and in person, where taxpayers have an expedited opportunity to resolve their pending Tax Court cases by working with Low Income Tax Clinics and pro bono attorneys and negotiating with the Division's legal staff. Small Business and Self-Employed (SB/SE) also works directly with IRS field staff providing legal advice on tax cases involving individuals, small businesses, partnerships, LLCs, LLPs, corporations, S corporations with less than \$10 million in assets, promoter and preparer penalties, offshore matters, and in all cases involving collection and bankruptcy, estate and gift, passports, and excise taxes. SB/SE also provides assistance to the DOJ in the handling of collection, refund, and other cases in the U.S. District Courts and U.S. Court of Federal Claims. SB/SE is the largest Chief Counsel Division.
- [16] Provides legal advice and services to the IRS, primarily litigation and litigation support. The Strategic Litigation (SL) Division, through its Special Trial Attorneys and paralegals, is responsible for handling the Office's most complex, high-profile, and significant cases in the U.S. Tax Court, cases which often establish national precedent or are otherwise important to tax administration. The SL attorneys and paralegals provide a full range of legal services on all issues, including advising the IRS on its most significant non-docketed cases, handling significant case litigation in the U.S. Tax Court, and assisting the DOJ in the handling of significant cases in U.S. District Court.
- [17] Provides legal services on program matters, including tax issues relating to employee benefit programs (including qualified retirement plans, deferred compensation arrangements, and health and welfare programs); IRAs; executive compensation; exempt organizations; federal, state, local, and Indian tribal governments; tax-exempt bonds; and employment tax. The Tax-Exempt and Government Entities (TE/GE) Division Counsel also directs the Counsel-wide litigation programs with respect to these issues. TE/GE Division Counsel employs attorneys nationwide.
- [18] Provides legal services on matters involving taxpayers who generally have income reported only on Forms W-2 and 1099 to include advice and support of the Wage and Investment (W&I) Division Commissioner and his headquarters' staff; and collaborates with W&I to formulate Division policies, programs, systems, and strategies to better serve their taxpayer segment and other taxpayers. Provides guidance and legal support to all of the functions within W&I, including those that provide servicewide services, customer service, and processing activities; and collaborates with Associate Chief Counsel offices and headquarters and field staff of the Chief Counsel Office of the Division Counsel (SB/SE) to provide legal services to the nationwide IRS W&I Division.
- [19] Includes the immediate offices of the Chief Counsel, the Finance and Management Division, and the Executive Counsel.

NOTE: Cases may cross fiscal years. Therefore, the workload of cases shown in this table may be related to cases initiated in prior years.

[1] Tax Court cases involve a taxpayer contesting the IRS's determination that the taxpayer owes additional taxes and/or penalties, or other issues over which the court has jurisdiction. The Tax Court generally provides a forum for a taxpayer to request a determination of the disputed liabilities (or other issues) prior to assessment or payment of the taxes allegedly owed.

Examples of other cases that may be considered by the Tax Court include:

Abatement or Suspension of Interest—Cases concerning whether the IRS abused its discretion either by not abating interest accrued as a result of certain unreasonable errors or delays, or by not suspending the accrual of interest where the IRS does not contact the taxpayer in a timely manner.

Collection Due Process—Cases where a taxpayer requested a hearing with the IRS Independent Office of Appeals in response to a notice of federal tax lien or notice of intent to levy.

Innocent Spouse—Cases in which a taxpayer who filed a joint return with a spouse or ex-spouse may request relief from joint and several liability for amounts shown or not shown on the joint return if they meet specific requirements.

Tax-Exempt Status—Cases where an organization disputes the IRS's revocation or denial of tax-exempt status.

Whistleblower (under Internal Revenue Code (IRC) Section 7623)—Cases involving the amount or denial of a whistleblower award.

Passport (under IRC Section 7345)—Cases where a taxpayer contests whether the IRS's certification to the Secretary of State of a taxpayer owing a seriously delinquent tax debt was erroneous or that the Commissioner failed to reverse the certification.

Worker Classification (under IRC Section 7436)—Cases where a taxpayer contests the reclassification of workers it treated as nonemployees to employees, and the resulting employment tax liabilities, interest, and penalties.

Footnotes continued on next page.

Table 31. Chief Counsel Workload: Tax Litigation Cases, by Type of Case, Fiscal Year 2023—Continued**Footnotes—Continued**

- [2] The amount of tax and penalty in dispute excludes interest. Cases pending on appeal are in the Circuit Court and the Supreme Court and therefore are excluded from regular pending Tax Court and refund cases.
- [3] Reflects the amount a taxpayer owes (as determined by the Tax Court except for settlements), excluding offsetting overpayments and interest.
- [4] Refund cases involve taxpayers seeking refunds of claimed overpayments after tax liability has been fully paid. A taxpayer may seek a refund of taxes, interest, and/or penalties paid.
- [5] Tax protected is the amount claimed by the taxpayer in a suit for a refund of previously paid taxes that is not awarded to the taxpayer in the court's judgment.
- [6] Nondocketed cases are cases in which a court petition was not filed, and Chief Counsel reviewed and advised on a statutory notice of deficiency. A statutory notice of deficiency is a legal notice the IRS sends a taxpayer that lays out the taxpayer's tax deficiency, including tax and penalties owed. If taxpayers receive a statutory notice of deficiency from the IRS, they have 90 days to petition the Tax Court regarding the deficiency outlined in the letter.

NOTES:

Detail may not add to totals because of rounding.

Number of cases and amounts in dispute can vary widely from year to year due to a variety of factors including the number and timing of prior-year receipts.

IRS Budget and Workforce

This section of the *Data Book* provides an overview of IRS budget activities, including taxpayer services, enforcement, operations support, and business systems modernization. Taxpayer Services funding includes processing for tax returns and related documents, as well as assistance to taxpayers filing returns and paying taxes due. Enforcement funding includes the examination of tax returns, collection of balances due, and administrative and judicial settlement of taxpayer appeals of examination findings. Operations Support provides

administrative services, policy management, and IRS-wide support necessary to deliver taxpayer-facing service and enforcement programs. This appropriation also funds staffing, equipment, and related costs used to manage, maintain, and operate critical information systems supporting tax administration. The Business Systems Modernization appropriation funds capital asset acquisition of information technology systems. This section also includes information on the size and diversity of the IRS workforce.

Highlights of the Data

- IRS's actual expenditures were just over \$16.1 billion for overall operations in Fiscal Year (FY) 2023 (Table 32).
- Taxpayer Services funding accounted for nearly \$3.9 billion, or 24.0 percent of the total FY 2023 budget (Table 32).
- Enforcement funding represented \$5.6 billion, or 34.8 percent of all funding (Table 32).
- The IRS spent about \$5.7 billion in operations support in FY 2023, accounting for 35.5 percent of the overall budget (Table 32).
- The balance of IRS's FY 2023 expenditures, \$899 million, was spent on business systems modernization (Table 32).
- In FY 2023, the IRS used 82,990 full-time equivalent (FTE) positions to conduct its work (Table 34).
- Of these FTE positions, 40.0 percent were dedicated to enforcement and 44.8 percent were dedicated to taxpayer services (Table 34).

- [1] Costs are comprised of items charged to discretionary appropriations, mandatory appropriations, and user fees. This includes costs charged to the Inflation Reduction Act (IRA), which was enacted August 12, 2022. Costs exclude costs reimbursed by other federal agencies and private entities for services performed for these external parties.
- [2] Includes salaries, terminal leave payments, availability pay, pay differential, overtime and holiday pay, cash awards, incentive awards, obligation for uncashed payroll checks, expert and witness fees, rewards to informants, employer's share of personnel benefits costs, reimbursements for professional liability insurance, recruitment bonuses, commuting subsidies, retention bonuses, student loan repayments, relocation bonuses, gainsharing awards, cost of living allowances, overseas allowance grants, domestic and foreign income tax reimbursement allowances, worker's compensation benefits, moving expenses/relocation allowances, severance pay, and unemployment compensation payments.
- [3] Includes contracts, travel, transportation of things, rent, communications, utilities, printing and reproduction, advisory and assistance services, supplies and materials, operation and maintenance of facilities, research and development services, medical care, operation and maintenance of equipment, subsistence and support of persons, acquisition of assets, equipment, land and structures, investments, grants, and refunds.
- [4] The Taxpayer Services appropriation funds prefiling assistance and education, filing and account services, and taxpayer advocacy services.
- [5] The Enforcement appropriation funds activities to determine and collect owed taxes, to provide legal and litigation support, to conduct criminal investigations, to enforce criminal statutes related to violations of Internal Revenue laws and other financial crimes, and to purchase and hire motor vehicles.
- [6] In the Fiscal Year (FY) 2022 *Data Book*, Table 30 erroneously omitted \$300,000 in regulatory costs charged to the appropriations received through the No Surprises Act. This table has been updated to include these costs.
- [7] The Operations Support appropriation funds activities to support taxpayer services and enforcement programs including rent payments; facilities services; printing; postage; physical security; headquarters and other IRS-wide administration activities; research and statistics of income; telecommunications; information technology development, enhancement, operations, maintenance, and security; and the hire of motor vehicles (nonpolice-type use).
- [8] The Business Systems Modernization appropriation funds the capital asset acquisition of information technology systems including management and related contractual costs of such acquisition and including contractual costs associated with operations.
- [9] The IRA included a new appropriation for Direct File, which was provided to the IRS for necessary expenses to deliver a report to Congress on the cost, taxpayer opinions of, and feasibility of developing and running a free direct e-file tax return system. The appropriation expired September 30, 2023.

[r] Revised data.

[p] Preliminary data based on short-term projections.

[1] Gross collections are collections before refunds are issued. They also include penalties and interest in addition to taxes. See Table 1 for the difference between gross collections and net collections. Includes gross collections for individual income tax, business income taxes, estate and trust income tax, employment taxes, estate tax, gift tax, and excise taxes. See Table 6 for gross collections data by type of tax.

Excludes alcohol and tobacco excise taxes starting with 1988 and taxes on firearms starting with the second quarter of Fiscal Year (FY) 1991. Responsibilities for these excise taxes were transferred from the IRS to the Alcohol and Tobacco Tax and Trade Bureau and to U.S. Customs and Border Protection, respectively.

[2] Operating costs are comprised of items charged to discretionary appropriations, mandatory appropriations, and user fees. This includes costs charged to the Inflation Reduction Act (IRA), (P.L. 117-169) which was enacted August 12, 2022. Costs exclude costs reimbursed by other federal agencies and private entities for services performed for these external parties.

[3] The cost of collecting \$100 is computed as total operating costs (column 2) divided by gross collections (column 1) multiplied by 100. Operating costs are comprised of items charged to discretionary appropriations, mandatory appropriations, and user fees. This includes costs charged to the IRA, which was enacted August 12, 2022.

[4] U.S. population is based on resident population plus armed forces overseas as of October 1 of each year. This information is provided by the U.S. Department of Commerce, Bureau of the Census.

[5] Average tax per capita is based on gross collections (i.e., before refunds are issued) (Column 1) divided by an estimate of U.S. population (Column 4).

[6] Full-time equivalent (FTE) is defined as the total number of regular straight-time hours worked (that is, not including overtime or holiday hours worked) by employees divided by the number of compensable hours applicable to each fiscal year. See Table 34 to compare FTEs and the number of employees. Excludes positions funded by reimbursements from other federal agencies and private entities for services performed for these external parties.

[7] In the FY 2022 Data Book, Table 31 erroneously omitted \$300,000 in costs charged to the appropriations received through the No Surprises Act. This table has been updated to include these costs.

NOTE: All amounts are in current dollars.

[1] Represents the number of full-time equivalent (FTE) positions actually used to conduct IRS operations. In Fiscal Year (FY) 2023, this included: 13,661 FTE funded by the Inflation Reduction Act (IRA); 465 FTE funded with prior-year carryover funds; 53 FTE funded by the American Rescue Plan; 23 FTE funded by Ukraine Support; and 1 FTE funded by the No Surprises Act. FTE is defined as the total number of regular straight-time hours worked (i.e., not including overtime or holiday hours worked) by employees divided by the number of compensable hours applicable to each fiscal year. FTE shown are funded with discretionary appropriations, mandatory appropriations, and user fees. Excludes FTE funded by reimbursements from other federal agencies and private entities for services performed for these external parties. For these reasons FTE would not equal number of employees.

[2] Includes total personnel employed by the IRS including IRS Chief Counsel who are in an active pay status as of September 30, 2022 in FY 2022 and September 30, 2023 in FY 2023. In contrast, IRS labor force counts in Table 35 include personnel in both pay and non-pay status.

[3] Includes seasonal employees on permanent appointments; excludes employees on permanent appointments with work schedules of fewer than 80 hours per pay period.

[4] Includes employees on permanent appointments with work schedules of fewer than 80 hours per pay period.

[5] Business Systems Modernization (BSM) does not have assigned staff. Information Service staff may work on BSM activities and charge their time as appropriate, resulting in FTE realization in the BSM budget activity.

[6] The IRA included a new appropriation for Direct File, which was provided to the IRS for necessary expenses to deliver a report to Congress on the cost, taxpayer opinions of, and feasibility of developing and running a free direct efile tax return system. The appropriation expired September 30, 2023.

[7] Customer Service Representatives are employees in the Contact Representative job series.

[8] Seasonal employees work primarily in Submission Processing; Account Management & Assistance; and Integrity & Verification Operations. In FY 2022, 36 Information Technology employees were classified as seasonal, and in FY 2023, 34 employees were classified as seasonal.

[9] Information Technology includes all employees excluding seasonals who work in the IRS Informational Technology division. In FY 2022, this included 5,790 Information Technology Specialists and in FY 2023, it included 6,769 Information Technology Specialists.

[1] Includes total full-time, part-time, and seasonal personnel employed by the Internal Revenue Service, excluding IRS Chief Counsel, as of October 7, 2023 (the end of Pay Period 20).

[2] Includes total full-time, part-time, and seasonal personnel employed by IRS Chief Counsel as of October 7, 2023 (the end of Pay Period 20). Chief Counsel is an organization within the Department of Treasury and separate from the IRS. All Chief Counsel employees are funded by and report to the Chief Counsel as part of the Legal Division of the Department of Treasury. Beginning Fiscal Year (FY) 2015, Chief Counsel workforce counts are displayed in a separate column.

[3] Reflects the federal civilian labor force as of October 7, 2023, as provided by the U.S. Office of Personnel Management (OPM).

[4] Data from U.S. Department of Commerce, Bureau of the Census (2014–2018 American Community Survey statistics).

[5] Hispanic or Latino persons of any race are included in the Hispanic category.

[6] This category is shown separately for information purposes. The term "targeted disability" was originally enacted by the Equal Employment Opportunity Commission in 1979 and refers to certain disabilities that have been identified for emphasis in federal affirmative employment planning. During FY 2017, OPM expanded the list of medical conditions to self-identify a disability. As a result, this increased the counts of persons with disabilities and persons with targeted disabilities. Persons with a targeted disability are included in the disability total.

[7] This category is shown separately for information purposes. The primary elements used to identify veterans for federal employment purposes are Veteran Status, Veterans' Preference, Creditable Military Service, Annuitant Code, and Legal Authority Code. Veterans with a disability are included in the veteran total.

NOTE: Percentages may not add to totals because of rounding.

NOTE: From 1866 to 1926, the chief legal officer for the Bureau of Internal Revenue was known as the Solicitor. For the next eight years, 1926 to 1934, the chief legal officer had the title of General Counsel. Since 1934, the chief legal officer has operated under the title of Chief Counsel, now for the Internal Revenue Service.

* With respect to tax litigation and the legal interpretation of tax law, the Chief Counsel also reports to the General Counsel of the Treasury Department. On matters solely related to tax policy, the Chief Counsel reports to the Treasury General Counsel.
