Paperwork Reduction Act Notice

We ask for this information to carry out the Internal Revenue laws of the United States. We need it to ensure that taxpayers are complying with these laws and to allow us to figure and collect the right amount of tax. You are required to give us this information.

Purpose of Form

Form 6252 is used to report income from sales of real property and casual sales of personal property other than inventory if you will receive any payments (including payments from sales reported on the installment method prior to 1980) in a tax year after the year of sale.

Dealers in real or personal property may use the installment method, but should report the sale directly on their tax return instead of using this form.

Use Form 6252 unless you elect not to report the sale on the installment method. If you want to elect out, see the instructions for your Schedule D, Capital Gains and Losses and Reconciliation of Forms 1099-B, or Form 4797, Gains and Losses From Sales or Exchanges of Assets Used in a Trade or Business and Involuntary Conversions. If you do not use the installment method, report the sale on your Schedule D or Form 4797.

You need not use this form for year-end stock sales where payment is received in the following year. Instead, report the sale directly on your Schedule D for the year of payment unless you elect out of the installment method by reporting it on Schedule D in the year of sale.

Report the ordinary income from sections 1245, 1250, 179, and 291 in full in the year of the sale even if no payments were received.

What Parts To Complete

For the Year of Sale—Complete questions A through E, Part I, and Part II.

For Years After the Year of Sale—Complete questions A through E and Part II, for any year you receive a payment from an installment sale.

Related Party Sales—If you sold marketable securities to a related party, complete Form 6252 for each year of the installment agreement, even if you did not receive a payment. (See **Installment Sales to Related Party** for the definition of a related party.) For a year after the year of sale, complete questions A through E and Part III. (If you received a payment, also complete Part II.) If you sold property other than marketable securities to a related party, complete the form for the year of sale and for 2 years after the year of sale, regardless of whether you received any payments. If during this 2-year period you did not receive a payment, complete questions A through E and Part III. After this 2-year period, see "For Years After the Year of Sale" above.

Installment Sales to Related Party

A related party is your spouse, child, grandchild, parent, or a related corporation, S corporation, partnership, estate, or trust.

If one of the exceptions in Part III applies, check the appropriate box and do not complete lines 23 through 30. If you

can establish that tax avoidance was not a principal purpose for either disposition, attach an explanation. The following are some examples that are not tax avoidance:

- The second disposition is also an installment sale and the payment terms are equal to or longer than the first installment sale.
- The property sold is not real property or real property improvements, and it is used by the related purchaser as inventory for sale in the ordinary course of conducting a trade or business.
- The second disposition is a charitable contribution but not a bargain sale, and the property is capital-gain type property for which an election under section 170(b)(1)(C)(iii) is not in effect.
- Certain tax-free transfers, certain like-kind exchanges, and in some cases bankruptcy of the related buyer.

Sale of Depreciable Property to Related Party

If you sell depreciable property to a related party as defined in section 1239, installment sale rules do not apply, unless it is established to the satisfaction of the Internal Revenue Service that tax avoidance was not a principal purpose for the sale.

See Publication 537, *Installment Sales*, and the regulations under section 453 for more information, including single sales of several assets, disposition of installment obligations, like-kind exchanges, and change in selling price.

Line-By-Line Instructions

Do not include interest received, carrying charges received, or unstated interest on this form. See Publication 537 for information on unstated interest.

Partnerships and S corporations that pass through a section 179 expense to their partners or shareholders should not include this amount on lines 5 and 3.

Line 1—Selling price.—Enter the sum of the money, face amount of the installment obligation, and the fair market value of other property, such as the buyer's note, that you received or will receive in exchange for the property sold. Include in line 1 any existing mortgage or other debt the buyer assumes or takes the property subject to.

If there is no stated maximum selling price, such as in a contingent sale, attach a schedule showing the computation of gain, and enter the taxable part on lines 20 and 28, if Part III applies. See the regulations under section 453.

Line 2—Mortgage and other indebtedness.—Enter only mortgages (or other indebtedness) the buyer assumes from the seller or takes the property subject to. Do not include new mortgages the buyer gets from a bank, the seller, or other source.

For information on wraparound mortgages, see regulations section 15A 453-1(b)(3)(ii).

Line 4—Cost or other basis of property sold.—Enter the original cost and other expenses you incurred in buying the property. Add the cost of improvements, etc., and subtract any casualty losses previously allowed. For more information, see Publication 551, *Basis of Assets*.

Line 5—Depreciation allowed or allowable.—Enter all depreciation or amortization you deducted or should have

deducted from the date of purchase until the date of sale. Add any deduction you took under section 179 and the section 48(q)(1) downward basis adjustment, if any. Subtract 50% of any investment tax credit recaptured if the basis of the property was reduced under section 48(q)(1).

Line 7—Commissions and other expenses of sale.—Enter sales commissions, advertising expenses, attorney and legal fees, etc., you incurred in selling the property.

Line 8—Ordinary Income recapture.—Enter the part of the gain from the sale of depreciable property recaptured under sections 1245 and 1250 (including sections 179 and 291) here and on line 11 of Form 4797. See Form 4797, Part III and Part IV of the instructions for Form 4797 to figure the recapture.

Line 15—Gross profit ratio.—Enter the gross profit ratio determined for the year of sale even if you did not file Form 6252 for that year.

Line 17—Payments received during the year.—Enter all money you received and the fair market value of any property you received in 1985. Include as payments any amount withheld to pay off a mortgage or other debt, such as broker and legal fees. Do not include the buyer's note, or any mortgage or other liability assumed by the buyer. If you did not receive any payments in 1985, enter zero.

If in prior years, an amount was entered on the equivalent of line 25 of the 1985 form, do not include it on this line. Include it, however, on line 19.

Line 19—Payments received in prior years.—Enter all money and the fair market value of property you received before 1985 from the sale.

Lines 21 and 29.—Use line 21 (or 29) to report all of the ordinary income portion of line 20 (or 28) (other than the section 179 deduction) for sales occurring before 6/7/84. Also use these lines to report the ordinary income recapture from sections 1252, 1254, or 1255 regardless of the date of sale. Line 21 (or 29) should not exceed the amount on line 20 (or 28). If you sold section 1252, 1254, or 1255 property this year, use Form 4797, Part III to figure the ordinary income recapture and enter the ordinary income portion from these sections on line 21 (or 29) of this form. Also enter the amount from line 21 (or 29) of this form on line 13 of Form 4797. If this is a sale of section 1252, 1254, or 1255 property, disregard the following sentence on line 13 of Form 4797 that states, "Applies only to sales before 6/7/84."

Lines 22 and 30—Trade or business property.—Enter this amount on Form 4797, line 3 if the property was held more than 6 months (more than one year if acquired before 6/23/84). If the property was held 6 months or less (one year or less if acquired before 6/23/84), enter it on Form 4797, line 15.

Capital assets.—Enter this amount on Schedule D as short term or long-term gain. Use the lines identified as from Form 6252.

Line 23.—If in 1985, the related party sold part of the property from the original sale, enter the selling price of the part resold. If part was sold in an earlier year and part was sold this year, enter the cumulative selling price.

Instructions
(Section References are to the Internal Revenue Code)

Paperwork Reduction Act Notice. — We ask for this information to carry out the Internal Revenue laws of the United States. We need it to ensure that taxpayers are complying with these laws and to allow us to figure and collect the right amount of tax. You are required to give us this information.

Who Must File. — File this form if: (a) You are liable for the alternative minimum tax; or (b) you have one or more tax preference items on lines 4a through 4k; or (c) you have an amount on line 2e(3), and line 2e(2) includes income other than interest and dividend income.

Individuals, estates or trusts may be liable if their adjusted gross income plus tax preference items listed on line 4 total more than line 5.

For more information, see Publication 909, Alternative Minimum Tax.

Minimum Tax Deferred From Earlier Year(s). — If a net operating loss carryover from an earlier year(s) reduces taxable income for 1985, and the net operating loss giving rise to the carryover resulted in the deferral of minimum tax in that earlier year(s), all or part of the deferred minimum tax may be includable as tax liability for 1985. Figure the deferred minimum tax in the worksheet in Publication 909 and enter it on Form 1040, line 52, or Form 1041, line 31. Write "Deferred Minimum Tax."

Partners, Beneficiaries, etc. — If you are a:

(1) Partner or shareholder of an S corporation, take into account separately your distributive share of items of income and deductions that

enter into the computation of tax preference items.

(2) Beneficiary of an estate or trust, see section 58(c).

(3) Participant in a common trust fund, see section 58(e).

(4) Shareholder or holder of beneficial interest in a regulated investment company or a real estate investment trust, see section 58(f).

Carryback and Carryover of Unused Credits. — It may be necessary to figure the carryback or carryover of certain unused credits. See section 55(c)(3).

Note: If you have an earned income credit, you must reduce that credit by any alternative minimum tax.

Line by Line Instructions

Line 1, Estates and Trusts.—Adjusted gross income is figured in the same way as for an individual except that the costs of the administration of the estate or trust are allowed in figuring adjusted gross income.

All taxpayers.—Do not include in adjusted gross income, interest expense incurred to purchase or carry a limited business interest in a partnership or S corporation. Instead, include in line 2(e)(1).

Do not include in line 1 any alcohol fuel credit included in income.

A net operating loss deduction taken in figuring adjusted gross income may have to be changed in figuring the alternative minimum tax. See Publication 909, Alternative Minimum Tax, for details and attach a computation.

Lines 2(a) through 2(h).—Do not include on these lines any deduction that can be carried back or forward as a net operating loss or forward as a charitable contribution.

Individuals.—Complete and attach Schedule A (Form 1040) for any deduction listed on these lines, whether or not you completed it in figuring Form 1040, line 34. If you did not use Schedule A to figure Form 1040, line 34, write "Alt Min Tax" in the top margin of Schedule A.

Estates and Trusts.—Enter on the applicable line any deduction listed on these lines allowable to the estate or trust.

Line 2(d).—Enter the part of the interest that is from debts you incurred in acquiring, constructing, or substantially rehabilitating property other than a houseboat, which you, or certain family members listed in section 267(c)(4), use as a residence.

If the interest expense is on debts incurred before July 1, 1982 the following applies. At the time you incurred the debt, it must have been secured by property which you, or certain family members listed in section 267(c)(4), used as a residence.

Line 2(e)(2).—Enter your investment income minus investment expenses.

Investment income is your gross income from interest, dividends, rents, and royalties, and any amount treated as ordinary income under sections 1245, 1250, and 1254. Do not include income from a trade or business. Include as investment income, your capital gain net income from the sale or exchange of property held for investment, and the amount to be entered on line 4(a). Add or subtract from investment income, any income or loss from a limited business interest.

Investment expenses are those expenses allowable against the production of investment income provided they are allowed in figuring adjusted gross income and not includible in line 4.

Line 4(b), 60% Capital gain deduction—Individuals.—Enter your 60% capital gain deduction from your Schedule D (Form 1040), line 22, or Form 4798, line 9. If you had an entry on Form 1040, line 14, enter 60% of your capital gain distributions. Do not include the capital gain deduction attributable to a sale or exchange of a principal residence.

Estates and Trusts.—Enter the capital gain deduction taken into account on Forms 1041 or 990-T. However, an amount paid or permanently set aside for a charitable purpose is not a tax preference item.

Lines 4(c) and 4(d), Accelerated depreciation on real property, Accelerated depreciation on leased personal property or leased recovery property other than 15-year (or 18-year) real property.—If you use the Class Life Asset Depreciation Range (CLADR) System, use the asset guideline period as the straight-line useful life to figure lines 4(c) and (d).

For (c) but not (d), use any variance in useful life under section 167(m)(1) as the straight-line useful life.

Line 4(e).—For property other than recovery property, enter the amount you get (never less than zero) by subtracting the depreciation that would have been allowable for the year if you had used the straight-line method, from the depreciation or amortization actually allowable. Figure this amount separately for each property.

For 15-year (or 18-year) real property, or low income housing, enter the amount by which the deduction allowed under section 168(a) (or section 167 for section 167(k) property) is more than the deduction which would have been allowable had the property been depreciated using a 15-year (or 18-year) period and the straight-line method without salvage value.

Line 4(d).—For leased property other than recovery property, enter the amount you get (never less than zero) by subtracting the depreciation that would have been allowable for the year if you had used the straight-line method, from the depreciation or amortization actually allowable. Figure this amount separately for each property.

For leased recovery property other than 15-year (or 18-year) real property, or low income housing, enter the amount by which your deduction under section 168(a) is more than the deduction allowable using the straight-line method with a half-year convention, no salvage value, and the following recovery period:

3 year property	5 years
5 year property	8 years
10 year property	15 years
15 year public utility property	22 years

Note: If the recovery period actually used is longer than the recovery period in 4(c) or 4(d), do not complete lines 4(c) or 4(d).

Line 4(e), Amortization of certified pollution control facilities.—Enter the amount by which the amortization allowable under section 169 is more than the depreciation deduction otherwise allowable.

Line 4(f), Mining exploration and development costs.—For each mine or other natural deposit (other than an oil or gas well), enter the amount by which the deductions allowable under section 616(a) or 617 are more than the amount that would have been allowable if you had amortized the expenses over a 10-year period.

Line 4(g), Circulation and research and experimental expenditures.—Enter the amount by which the deductions allowable for circulation and research and experimental expenditures under sections 173 or 174(a) are more than the amount that would have been allowable if you had amortized the circulation expenses over a 3-year period and the research and experimental expenditures over a 10-year period.

Line 4(h), Reserves for losses on bad debts of financial institutions.—Enter your share of the excess of the addition to the reserve for bad debts over the reasonable addition to the reserve for bad debts that would have been allowable if you had maintained the bad debt reserve for a tax year based on actual experience.

Line 4(i), Depletion.—In the case of mines, wells, and other natural deposits, enter the amount by which the deduction for depletion under section 611 (including percentage depletion for geothermal deposits) is more than the adjusted basis of such property at the end of the tax year. Figure the adjusted basis without regard to the depletion deduction and figure the excess separately for each property.

Line 4(j), Incentive stock options.—If you received stock by the exercise of an incentive stock option, enter the amount by which the fair market value of the shares at the time of exercise was more than the option price. See sections 57(a)(10) and 422A.

Line 4(k), Intangible drilling costs.—Intangible drilling costs are a tax preference item to the extent that the excess intangible drilling costs are more than your net income from oil, gas, and geothermal properties.

Figure excess intangible drilling costs as follows: From the allowable intangible drilling and development costs (except for costs in drilling a nonproductive well), subtract the amount that would have been allowable if you had capitalized these costs and either amortized them over the 120 months that started when production began, or treated them according to any election you made under section 57(d)(2).

Your net income from oil, gas, and geothermal properties is your gross income from them, minus the deductions allocable to them, except for excess intangible drilling costs and nonproductive well costs.

Figure the line 4(k) amount separately for oil and gas properties which are not geothermal deposits and for all properties which are geothermal deposits.

Lines 5 and 8.—If this is a short period return, use the formula in section 443(d)(1) to determine the amount to enter on these lines.

Nonresident Alien Individuals.—If you disposed of U.S. real property interests at a gain, see Form 1040NR instructions for a special rule in figuring line 8.

Line 9, Estates and trusts.—Enter the amount from Form 1041, line 29. Do not include any tax from Forms 4970, 4972 or 5544.

Line 11, Foreign Tax Credit.—If line 10 is more than zero, and you incurred foreign taxes and elect to take them as a credit, enter on line 11 the foreign tax credit allowed against the alternative minimum tax. Figure this credit as follows:

(1) Use and attach a separate Form 1116 for each type of income specified at the top of Form 1116.

(2) Print across the top of each Form 1116 used, "ALT MIN TAX."

(3) Part I.—Fill in a new Part I using that portion of your income, deductions and tax preference items from Form 6251, attributable to sources outside the U.S.

(4) Part III.—Complete only the following lines:

- (a) Insert on line 5 the result of the following:
 - (i) the amount from Part III, line 5 of the Form 1116 used to figure the credit allowed against your regular tax, minus
 - (ii) the amount from Part III, line 15 of that Form 1116, plus
 - (iii) the smaller of (A) the amount from Part III, line 15 of that Form 1116, or (B) Form 6251, line 10 (or more than one Form 1116 is being used, an allocable portion of Form 6251, line 10).

(b) Complete lines 6 through 8 using the result of step 3 for line 6.

(c) Line 11.—Enter Form 6251, line 5.

(d) Complete line 12 as indicated in Part III.

(e) Line 13.—Enter Form 6251, line 8.

(f) Complete lines 14 and 15 as indicated in Part III.

(5) Part IV.—Enter on line 11, Form 6251, the amount from line 7, Part IV of this Form 1116 (but not more than the amount on Form 6251, line 10).
