Instructions for Form CPP-1, Installment Payment Plan Request

General Information

Who should file this form?

You should file Form CPP-1, Installment Payment Plan Request, if you have tax delinquencies that you cannot pay in full because of a financial hardship and you would like to enter into an installment payment plan with us.

What is an installment payment plan?

An installment payment plan is an agreement between you and the Illinois Department of Revenue to pay your tax delinquencies using regularly scheduled payments. Your scheduled payment amount and the length of time that you have to pay is based on your financial condition.

When is this form due?

There is no specific due date. We recommend that you file this form when you receive a bill or notice which you are unable to pay because of a financial hardship. Once you receive the bill or notice, you should complete and return this form within 10 days. **Note:** Even when you enter into an installment payment plan, you continue to accrue interest and applicable penalties and fees on the delinquent tax you owe.

When will my installment payment plan request be approved?

Approval of your request for an installment payment plan will depend upon the completeness of the information you provide on this form. If additional information is needed to process your request, we will contact you.

If our review finds that you

- can pay in full, then we will require you to do so.
- qualify for an installment payment plan, we will send you a letter of

approval and the conditions of the installment payment plan.

How must I make my installment plan payments?

ACH debit — If you have a checking or savings account, you may be required to make your installment payments using the ACH debit program. It is the recommended form of payment for installment payments. The ACH debit program allows you to have the installment payments automatically withdrawn from a savings or checking account.

Note: If we approve your installment payment plan request, your plan approval letter will describe the requirements for your payments.

How must I make my first payment or extra payments?

To make your first payment or if you would like to make payments *in addition* to your regular installment payments, you may use one of the following options.

- **MyTax Illinois** — This is the Department's online account management system. You may use MyTax Illinois to make electronic payments as well as file returns for most taxes. Go to mytax.illinois.gov.

Step-by-step Instructions

Step 1: Debtor identification

Line A Complete all lines. If you have a spouse who is also liable, complete the lines about your spouse.

Line B If business debt, complete all lines to identify the business or organization.

Step 2: Describe your debt and installment payment plan request

Line 1 Identify all tax periods (*i.e.*, month, quarter, or year) for which the liability exists. For individual or business income tax liabilities, write the tax year covered by the return.

If you need additional space, write the tax period beside the line provided or list the tax periods on a separate sheet of paper and attach it to this form.

If you have both individual income tax and other tax debt, submit a separate Form CPP-1 for the individual income tax liability.

If you are requesting an installment payment plan for more than one type of tax **other than individual income tax** (*i.e.*, sales, withholding, excise, or business income tax), you may combine the tax types on your Form CPP-1. Write the type of tax beside the line provided or list the tax types and periods on a separate sheet of paper and attach it to this form.

Line 2 Write the amount of your good faith downpayment (which is due with your completed Form CPP-1). You must make this payment using MyTax Illinois or "Pay by Phone" payment method or by mailing us a check or guaranteed remittance. Please make your downpayment amount as large as possible to reduce additional interest accrual. Interest accrues on the tax until paid.

Line 3 Write the amount of debt to be included in your installment payment plan. **If your unpaid liability is over \$5,000**, complete Form EG-13-I, Financial and Other

Information Statement for Individuals, or Form EG-13-B, Financial and Other Information Statement for Businesses, and submit it with Form CPP-1. Both of these forms are available on our website at tax.illinois.gov.

Line 4 For your regular installment plan payments, write the date payments will begin and the amount of each payment. Please make the payment amount as large as possible to reduce additional interest accrual. Interest accrues on the tax until paid.

Line 5 Check **one** box to tell us how frequently you will make your installment plan payments as identified on Line 4.

Step 3: Provide your financial institution and account information

Complete all lines about your account. Check the box to authorize the Illinois Department of Revenue to utilize the ACH debit method of payment from this account.

Step 4: Read the statement and sign the form

You (or in the case of a business, the person responsible for remitting payments) must sign the statement. If you do not, processing of your request will be delayed and we may take collection action to collect the unpaid debt.

We will contact you if we do not approve the installment payment plan as you request or if we need additional information from you.

By signing the application, you agree to the following:

(1) the Illinois Department of Revenue (IDOR) is authorized to use the information on this form to make withdrawals (ACH debits) at the frequency you selected in Line 5 and from the account listed on Line 6 in accordance with the Department of Revenue Law of the Civil Administrative Code of Illinois and all applicable Illinois tax acts,

- (4) IDOR may contact you about this payment plan at any address and phone number listed in Step 1 (this includes electronic communication by email or text); **and**
- (5) if you do not remit the scheduled payment, file all required returns, and pay all taxes when due, IDOR may cancel the installment payment plan, the entire unpaid balance will become due immediately, and IDOR may take enforcement action, including levy of your bank account or wages.
