# INSTRUCTIONS

The Instructions Numbered 1 to 20 Correspond with the Item Numbers on the First Page of the Return

## 1. INCOME FROM SALARIES, WAGES, COMMISSIONS, ETC.

Enter as Item 1 on page 1 of the return, all salaries or other compensation credited by or received from outside sources. Use a separate line for each entry, giving the information requested.

Any amount claimed as a deduction for necessary expenses against salaries, etc., such as traveling expenses, while away from home in the pursuit of a trade or business, should be fully explained in Schedule F on page 2 of the return, or on an attached statement. Traveling expenses ordinarily include expenditures for railroad fares, meals, and lodging.

## 2. PROFIT (OR LOSS) FROM BUSINESS OR PROFESSION

If you owned a business, or practiced a profession on your own account, fill in Schedule A on page 2 of the return, and enter the net profit (or loss) as Item 2 on page 1 of the return.

This schedule should include income from: (a) Sale of merchandise or products of manufacturing, mining, construction, and agriculture; (b) Business service, such as hotel, restaurant, and garage service, amusements, laundering, storage, transportation, etc.; and (c) Professional service, such as dentistry, law, or medicine. In general, report any income in the earning of which you incurred expenses for material, labor, supplies, etc.

**Farmer's income schedule.**—If you are a farmer and keep no books of account, or keep books on a cash basis, obtain from the Collector, and attach to this return, Form 1040F, Schedule of Farm Income and Expenses, and enter the net farm income as Item 2 on page 1 of this return. If your farm books of account are kept on an accrual basis, the filing of Form 1040F is optional.

**Installment sales.**—If the installment method is used, attach to the return a schedule showing separately for the years 1933, 1934, 1935, and 1936 the following: (a) Gross sales; (b) Cost of goods sold; (c) Gross profits; (d) Percentage of profits to gross sales; (e) Amount collected; and (f) Gross profit on amount collected. (See Section 44 of the Revenue Act of 1936.)

**Kind of business.**—Describe the business or profession in the space provided in Item 2, page 1, as "grocery", "retail clothing", "drug store", "laundry", "doctor", "lawyer", "farmer", etc.

**Total receipts.**—Enter on Line 1 of Schedule A the total receipts, less any discounts or allowances from the sale price or service charge.

**Inventories.**—If engaged in a trade or business in which the production, purchase, or sale of merchandise is an income-producing factor, inventories of merchandise on hand should be taken at the beginning and end of the taxable year, which may be valued at cost, or cost or market, whichever is lower.

**Salaries.**—Enter on Line 10 all salaries not included as "Labor" on Line 2, except compensation for services of yourself, your dependent minor children, or of husband or wife if a joint return is filed, which is not deductible.

**Interest.**—Enter on Line 11 interest on business indebtedness. Do not include interest to yourself on capital invested in or advanced to the business.

**Taxes.**—Enter on Line 12 taxes on business property or for carrying on business. Do not include taxes assessed against local benefits of a kind tending to increase the value of the property assessed, nor Federal income taxes, nor estate, inheritance, legacy, succession, and gift taxes.

**Losses.**—Enter on Line 13 losses incurred in the trade or business, if not compensated for by insurance or otherwise and not made good by repairs claimed as a deduction. Losses of business property arising from fire, storm, etc., should be explained in the table at the foot of page 2 of the return.

**Bad debts.**—Enter on Line 14 debts, or portions thereof, arising from sales or services that have been reflected in income, which have been definitely ascertained to be worthless and charged off within the year, or such reasonable amount as has been added to a reserve for bad debts within the year.

A debt previously charged off as bad, if subsequently collected, must be returned as income for the year in which collected.

**Depreciation.**—Enter on Line 15 the amount claimed as depreciation by reason of exhaustion, wear and tear of property used in the trade or business, or as obsolescence or depletion, and explain in the table at the foot of page 2 how this amount was determined. If obsolescence is claimed, explain why the useful life is less than the actual life.

The amount of depreciation on property acquired by purchase should be determined upon the basis of the original cost (not replacement cost) of the property and the probable number of years remaining of its expected useful life, except if the property was purchased prior to March 1, 1913, it will be computed on the fair market value of such property as of that date or its original cost (less depreciation actually sustained before that date), whichever is greater. If the property was acquired in any other manner than by purchase, see Sections 23 (l), 23 (n), and 114 of the Revenue Act of 1936.

In case a deduction is claimed on account of depletion of mines, oil or gas wells, or timber, see Sections 23 (m), 23 (n), and 114 of the Revenue Act of 1936.

Do not claim any deduction for depreciation in the value of a building occupied by you as a dwelling, or property held for personal use, nor for land (exclusive of improvements thereon), nor on stocks, bonds, and securities.

**Rent, repairs, and other expenses.**—Enter on Line 16 rent on business property in which you have no equity, ordinary repairs to keep the property in a usable condition, and other necessary business expenses not classified above, such as heat, light, and fire insurance. Do not include rent for a dwelling occupied by you for residential purposes, the cost of business equipment or furniture, expenditures for replacements or permanent improvements to property, nor personal, living, or family expenses.

## 3. INTEREST ON BANK DEPOSITS, ETC.

Enter as Item 3 all interest received or credited to your account during the taxable year on bank deposits, notes, mortgages, and corporation bonds, except interest on bonds upon which a tax was paid at the source. Interest on bonds is considered income when due and payable.

## 4. INTEREST ON TAX-FREE COVENANT BONDS

Enter as Item 4 bond interest upon which a tax was paid at source. Such tax (2 percent of the interest entered in Item 4) may be claimed as a credit in Item 31 of the return.

## 5. INTEREST ON GOVERNMENT OBLIGATIONS, ETC.

Schedule D should be filled in if you own any of the obligations or securities enumerated in Column 1. Enter in Column 2 the principal amounts of the various obligations owned at the end of the year and enter in Column 3 all interest received or credited to your account during the year on these obligations, including your share of such interest received from a partnership, or an estate or trust.

Interest on all coupons falling due within the taxable year will be considered as income for the year, where the books are kept on a cash receipts and disbursements basis. If the books are kept on an accrual basis, report the actual amount of interest accrued on the obligations owned during the taxable year.

If the obligations enumerated on Line (e) are owned in excess of the exemption of \$5,000, or any on Line (f) are owned in any amount, Columns 5 and 6 should be filled in, and the total of the interest reported on Line (g) should be entered as Item 5 on page 1 of the return.

(See also Instruction 24, paragraph (d).)

## 6. DIVIDENDS

Enter as Item 6 the total of all dividends reported in Schedule E.

## 7 AND 8. INCOME FROM PARTNERSHIPS, SYNDICATES, POOLS, ETC., AND FIDUCIARIES

Enter as Item 7 your share of the profits (whether received or not) (or of the losses) of a partnership, syndicate, pool, etc., and as Item 8 income from an estate or trust, except that the share of taxable interest on obligations of the United States, etc., shall be included in Schedule D. Include in Items 31 and 32, respectively, credits claimed for income tax paid at source, and foreign income taxes.

If the taxable year on the basis of which you file your return does not coincide with the annual accounting period of the partnership or fiduciary, then you should include in your return your distributive share of the net profits (or losses) for such accounting period ending within your taxable year.

## 9. INCOME FROM RENTS AND ROYALTIES

Fill in Schedule B, giving the information requested.

If you received property or crops in lieu of cash rent, report the income as though the rent had been received in cash. Crops received as rent on a crop-share basis should be reported as income for the year in which disposed of (unless your return shows income accrued).

Enter as depreciation the amount of exhaustion, wear and tear, or depletion sustained during the taxable year and explain in the table at the foot of page 2. Other expenses, such as interest, taxes, fire insurance, fuel, light, labor, and other necessary expenses of this character should be itemized.

## 10. CAPITAL GAINS AND LOSSES

Report sales or exchanges of capital assets in Schedule C and enter the net amount of gain or loss to be taken into account in computing net income as Item 10. (CAPITAL LOSSES ARE ALLOWABLE ONLY TO THE EXTENT OF \$2,000 PLUS CAPITAL GAINS. THEREFORE, IF THE TOTAL AMOUNT OF CAPITAL LOSSES IS IN EXCESS OF THE TOTAL AMOUNT OF CAPITAL GAINS, THE AMOUNT TO BE ENTERED AS ITEM 10 MAY NOT EXCEED \$2,000.) Describe the property briefly, and state the price received or the fair market value of the property received in exchange. Expenses connected with the sale or exchange may be deducted in computing the profit or loss.

If the property sold or exchanged was acquired prior to March 1, 1913, the basis for determining GAIN is the cost or the fair market value as of March 1, 1913, adjusted as provided in Section 113 (b) of the Revenue Act of 1936, whichever is greater, but in determining LOSS the basis is cost so adjusted. (See Section 113 of the Revenue Act of 1936.) If the amount shown as cost is other than actual cash cost of the property sold or exchanged, full details must be furnished regarding the acquisition of the property.

Enter as depreciation the amount of exhaustion, wear and tear, obsolescence, or depletion which has been allowed (but not less than the amount allowable) in respect of such property since date of acquisition, or since March 1, 1913, if the property was acquired before that date. In addition, if the property was acquired before March 1, 1913, the cost shall be reduced by the depreciation actually sustained before that date.

Subsequent improvements include expenditures for additions, improvements, and repairs made to restore the property or prolong its useful life. Do not deduct ordinary repairs, interest, or taxes in computing gain or loss.

No loss shall be recognized in any sale or other disposition of shares of stock or securities where you have acquired substantially identical stock or securities within 30 days before or after the date of such sale or disposition, unless you are engaged in the trade or business of buying and selling stocks and securities.

No deduction shall be allowed in respect of losses from sales or exchanges of property, directly or indirectly, (A) between members of a family, or (B) except in the case of distributions in liquidation, between an individual and a corporation in which such individual owns, directly or indirectly, more than 50 percent in value of the outstanding stock. For the purpose of this paragraph—(C) an individual shall be considered as owning the stock owned, directly or indirectly, by his family; and (D) the family of an individual shall include only his brothers and sisters (whether by the whole or half blood), spouse, ancestors, and lineal descendants.

The provisions of the Revenue Act of 1936 relating to capital gains and losses are:

Sec. 117. (a) *General rule.*—In the case of a taxpayer, other than a corporation, only the following percentages of the gain or loss recognized upon the sale or exchange of a capital asset shall be taken into account in computing net income:

100 per centum if the capital asset has been held for not more than 1 year;  
80 per centum if the capital asset has been held for more than 1 year but not for more than 2 years;  
60 per centum if the capital asset has been held for more than 2 years but not for more than 5 years;  
40 per centum if the capital asset has been held for more than 5 years but not for more than 10 years;  
30 per centum if the capital asset has been held for more than 10 years.

(b) *Definition of capital assets.*—For the purposes of this title, "capital assets" means property held by the taxpayer (whether or not connected with his trade or business), but does not include stock in trade of the taxpayer or other property of a kind which would properly be included in the inventory of the taxpayer if on hand at the close of the taxable year, or property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business.

(c) *Determination of period for which held.*—For the purpose of subsection (a)—  
(1) In determining the period for which the taxpayer has held property received on an exchange there shall be included the period for which he held the property exchanged if under the provisions of section 113 the property received has, for the purpose of determining gain or loss from a sale or exchange, the same basis in whole or in part in his hands as the property exchanged.

(2) In determining the period for which the taxpayer has held property however acquired there shall be included the period for which such property was held by any other person, if under the provisions of section 113, such property has, for the purpose of determining gain or loss from a sale or exchange, the same basis in whole or in part in his hands as it would have in the hands of such other person.

(3) In determining the period for which the taxpayer has held stock or securities received upon a distribution where no gain was recognized to the distributee under the provisions of section 112 (g) of the Revenue Act of 1928 or the Revenue Act of 1932, there shall be included the period for which he held the stock or securities in the distributing corporation prior to the receipt of the stock or securities upon such distribution.

(4) In determining the period for which the taxpayer has held stock or securities the acquisition of which (or the contract or option to acquire which) resulted in the nondeductibility (under section 118 of this Act or section 116 of the Revenue Act of 1928 or the Revenue Act of 1932 or the Revenue Act of 1934, relating to wash sales) of the loss from the sale or other disposition of substantially identical stock or securities, there shall be included the period for which he held the stock or securities the loss from the sale or other disposition of which was not deductible.

(d) *Limitation on capital losses.*—Losses from sales or exchanges of capital assets shall be allowed only to the extent of \$2,000 plus the gains from such sales or exchanges.

(e) *Gains and losses from short sales, etc.*—For the purpose of this title—

(1) gains or losses from short sales of property shall be considered as gains or losses from sales or exchanges of capital assets; and

(2) gains or losses attributable to the failure to exercise privileges or options to buy or sell property shall be considered as gains or losses from sales or exchanges of capital assets held for one year or less.

(f) *Retirement of bonds, etc.*—For the purposes of this title, amounts received by the holder upon the retirement of bonds, debentures, notes, or certificates or other evidences of indebtedness issued by any corporation (including those issued by a government or political subdivision thereof), with interest coupons or in registered form, shall be considered as amounts received in exchange therefor.

Notwithstanding the provisions of Section 117 (a) above, 100 percent of the gain resulting to the distributee from distributions in liquidation of a corporation shall be taken into account in computing net income, except in the case of amounts distributed in complete liquidation of a corporation. (See Section 115 (c) of the Revenue Act of 1936.)

Section 117 applies only to gains and losses upon the sale or exchange of capital assets and, therefore, has no application to loss of useful value upon the permanent abandonment of the use of property or loss sustained as the result of corporate stock or debts becoming worthless.

In the application of Section 117 a husband and wife, regardless of whether a joint return or separate returns are made, are considered to be separate taxpayers. Accordingly, the limitation under Section 117 (d) on the allowance of losses of one spouse from sales or exchanges of capital assets is in all cases to be computed without regard to gains and losses of the other spouse upon sales or exchanges of capital assets.

## 11. OTHER INCOME

Enter as Item 11 all other taxable income for which no space is provided on the return.

## 12. TOTAL INCOME

Enter as Item 12 the net amount of Items 1 to 11, inclusive, after deducting any expenses reported in Item 1, and losses in Items 2, 7, 9, and 10.

## 13. INTEREST PAID

Enter as Item 13 interest paid on personal indebtedness as distinguished from business indebtedness (which should be deducted under Schedule A or B). Do not include interest on indebtedness incurred or continued to purchase or carry obligations (other than obligations of the United States issued after September 24, 1917, and originally subscribed for by the taxpayer) the interest upon which is wholly exempt from taxation.

## 14. TAXES PAID

Enter as Item 14 personal taxes and taxes paid on property not used in your business or profession, not including those assessed against local benefits of a kind tending to increase the value of the property assessed. Do not include Federal income taxes, nor estate, inheritance, legacy, succession, and gift taxes, nor taxes imposed upon your interest as shareholder of a corporation which are paid by the corporation without reimbursement from you, nor income taxes claimed as a credit in Item 32. No deduction is allowable for any portion of foreign income and profits taxes if a credit is claimed in Item 32. Any deduction on account of taxes should be explained in Schedule F.

## 15. LOSSES BY FIRE, STORM, ETC.

Enter as Item 15 losses of property not connected with your business or profession, sustained during the year if arising from fire, storm, shipwreck, or other casualty, or from theft, and if not compensated for by insurance or otherwise. (See Section 23 (e) of the Revenue Act of 1936.)

Explain losses claimed in the table provided on page 2 of the return.

## 16. BAD DEBTS

Enter as Item 16 all bad debts other than those claimed as a deduction in Schedule A. State in Schedule F, (a) of what the debts consisted, (b) when they were created, (c) when they became due, (d) what efforts were made to collect, and (e) how they were actually determined to be worthless.

## 17. CONTRIBUTIONS

Enter as Item 17 contributions or gifts made within the taxable year to any corporation, or trust, or community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual, and no substantial part of the activities of which is carrying on propaganda, or otherwise attempting, to influence legislation. The amount claimed shall not exceed 15 percent of your net income computed without the benefit of this deduction. A fiduciary filing the return for an estate may claim, in lieu of this deduction, that provided in Section 162 of the Revenue Act of 1936. List organizations and amounts contributed to each in Schedule F.

## 18. OTHER DEDUCTIONS

Enter as Item 18 any other authorized deductions for which no space is provided on the return. Do not deduct losses incurred in transactions which were neither connected with your trade or business nor entered into for profit. If the return is filed for an estate in process of administration, there should be deducted the amount of any income paid or credited to a beneficiary. Any deduction claimed should be explained in Schedule F.

No deduction is allowable for the amount of any item or part thereof allocable to a class of exempt income, other than interest. Items directly attributable to such exempt income shall be allocated thereto, and items directly attributable to any class of taxable income shall be allocated to such taxable income. A taxpayer receiving any exempt income, other than interest, or holding any property or engaging in any activity the income from which is exempt shall submit with his return as a part thereof an itemized statement, in detail, showing (1) the amount of each class of exempt income, and (2) the amount of items allocated to each such class (the amount allocated by apportionment being shown separately).

## 19. TOTAL DEDUCTIONS IN ITEMS 13 TO 18

Enter as Item 19 the total of Items 13 to 18, inclusive. This amount should not include any deduction claimed in Schedule A or B.

## 20. NET INCOME

Enter as Item 20 the net income, which is obtained by deducting Item 19 from Item 12. The net income shall be computed upon the basis of the taxable year in accordance with the method of accounting regularly employed in keeping your books, unless such method does not clearly reflect your income.

## 21. PERSONS REQUIRED TO MAKE A RETURN OF INCOME

An income tax return must be filed by every citizen of the United States whether residing at home or abroad, and every person residing in the United States though not a citizen thereof, whose gross income for the taxable year amounted to \$5,000, or whose net income amounted to—

- (a) \$1,000 if single or if married and not living with husband or wife;
- (b) \$2,500 if married and living with husband or wife; or
- (c) More than the personal exemption if status of taxpayer changed.

If an individual is single and the net income, including that of dependent minors, if any, is \$1,000 or over, or if the gross income is \$5,000 or over, a return must be filed. If the combined net income of husband and wife, and dependent minor children, if any, is \$2,500 or over, or if their combined gross income is \$5,000 or over, all such income must be reported in a joint return, or in separate returns of husband and wife. In case the husband and wife elect to file separate returns and their combined net income is \$5,000 or over, each shall make a return on Form 1040.

In order for a joint return to be filed by a husband and wife, both spouses must have had some income or deductions in the year for which the return is filed and the return must include the income and deductions of both spouses. A joint return of husband and wife may be filed only if they were living together at the close of their taxable year.

If the net income of a decedent to the date of his death was \$1,000 or over, if unmarried, or in excess of the credit allowed him by Section 25 (b) (1) and (3) of the Revenue Act of 1936 (computed without regard to his status as the head of a family), if married and living with spouse, or if his gross income for the period was \$5,000 or over, the executor or administrator shall make a return for him on Form 1040 or 1040A.

Income of (a) estates of decedents before final settlement, (b) trusts, other than revocable trusts, whether created by will or deed, is taxed to the fiduciary as a single person, except that from the income of a decedent's estate there should be deducted any amount properly paid or credited to a beneficiary.

## 22. EARNED INCOME CREDIT, PERSONAL EXEMPTION, AND CREDIT FOR DEPENDENTS

For the purpose of the normal tax, but not for the surtax, there may be claimed a credit against net income of 10 percent of the amount of the earned net income, but not in excess of 10 percent of the amount of the entire net income. "Earned income" means wages, salaries, professional fees, and other amounts received as compensation for personal services actually rendered, but does not include any amount not included in gross income, nor that part of the compensation derived by the taxpayer for personal services rendered by him to a corporation which represents a distribution of earnings or profits rather than a reasonable allowance as compensation for the personal services actually rendered. In the case of a taxpayer engaged in a trade or business in which both personal services and capital are material income producing factors, a reasonable allowance as compensation for the personal services actually rendered by the taxpayer, not in excess of 20 percent of his share of the net profits of such trade or business, shall be considered as earned income. "Earned income deductions" means such deductions as are allowed by Section 23 of the Revenue Act of 1936 for the purpose of computing net income, and are properly allocable to or chargeable against earned income. "Earned net income" means the excess of the amount of the earned income over the sum of the earned income deductions. If the taxpayer's net income is not more than \$3,000, his entire net income shall be considered to be earned net income, and if his net income is more than \$3,000, his earned net income shall not be considered to be less than \$3,000. In no case shall the earned net income be considered to be more than \$14,000. The earned income credit allowable to each spouse in a joint return is the same as is allowable to each spouse in separate returns; however, the earned income, earned income deductions, earned net income, and net income of each spouse must be shown separately.

A single person, or a married person not living with husband or wife, may claim an exemption of \$1,000. A person who was the head of a family or was married and living with husband or wife during the entire taxable year, may claim an exemption of \$2,500. If husband and wife file separate returns, the exemption may be taken by either or divided between them.

A "head of a family" is an individual who actually supports and maintains in one household one or more individuals who are closely connected with him by blood relationship, relationship by marriage, or by adoption, and whose right to exercise family control and provide for these dependent individuals is based upon some moral or legal obligation.

In addition to the personal exemption, a credit of \$400 may be claimed for each person (other than husband or wife) under 18 years of age, or incapable of self-support because mentally or physically defective, who received his or her chief support from the taxpayer during the taxable year. This credit can be claimed only by the person who furnishes the chief support, and cannot be divided between two individuals. Explain such credit in Schedule E, furnishing the name of each dependent, the relationship between taxpayer and dependent, and the reason for support if the dependent is not under 18 years of age.

If the status of the taxpayer, insofar as it affects the personal exemption or credit for dependents, changed during the taxable year, the personal exemption and credit shall be apportioned in accordance with the number of months before and after such change. For the purpose of such apportionment a fractional part of a month shall be disregarded unless it amounts to more than half a month, in which case it shall be considered as a month.

Where a return is filed on this form for an estate in process of administration, or for a trust, an exemption of \$1,000 may be claimed.

## 23. COMPUTATION OF TAX

**Surtax.**—The surtax on any amount of surtax net income not shown in the table below is computed by adding to the surtax for the largest amount shown which is less than the income, the surtax upon the excess over that amount at the rate indicated in the table.

In the case of a bona fide sale of any oil or gas property, or any interest therein, the surtax on the profit shall not exceed 30 percent of the selling price. (See Section 105 of the Revenue Act of 1936.)
