Form **1098-T**

(keep for your records)

www.irs.gov/Form1098T

Department of the Treasury - Internal Revenue Service

Instructions for Student

You, or the person who can claim you as a dependent, may be able to claim an education credit on Form 1040 or 1040-SR. This statement has been furnished to you by an eligible educational institution in which you are enrolled, or by an insurer who makes reimbursements or refunds of qualified tuition and related expenses to you. This statement is required to support any claim for an education credit. Retain this statement for your records. To see if you qualify for a credit, and for help in calculating the amount of your credit, see Pub. 970, Form 8863, and the Instructions for Form 1040. Also, for more information, go to www.irs.gov/Credits-Deductions/Individuals/Qualified-Ed-Expenses.

Your institution must include its name, address, and information contact telephone number on this statement. It may also include contact information for a service provider. Although the filer or the service provider may be able to answer certain questions about the statement, do not contact the filer or the service provider for explanations of the requirements for (and how to figure) any education credit that you may claim.

Student's taxpayer identification number (TIN). For your protection, this form may show only the last four digits of your TIN (SSN, ITIN, ATIN, or EIN). However, the issuer has reported your complete TIN to the IRS. **Caution:** If your TIN is not shown in this box, your school was not able to provide it. Contact your school if you have questions.

Account number. May show an account or other unique number the filer assigned to distinguish your account.

Box 1. Shows the total payments received by an eligible educational institution in 2022 from any source for qualified tuition and related expenses less any reimbursements or refunds made during 2022 that relate to those payments received during 2022.

Box 2. Reserved for future use.

Box 3. Reserved for future use.

Box 4. Shows any adjustment made by an eligible educational institution for a prior year for qualified tuition and related expenses that were reported on a prior year Form 1098-T. This amount may reduce any allowable education credit

that you claimed for the prior year (may result in an increase in tax liability for the year of the refund). See "recapture" in the index to Pub. 970 to report a reduction in your education credit or tuition and fees deduction.

Box 5. Shows the total of all scholarships or grants administered and processed by the eligible educational institution. The amount of scholarships or grants for the calendar year (including those not reported by the institution) may reduce the amount of the education credit you claim for the year.

TIP: You may be able to increase the combined value of an education credit and certain educational assistance (including Pell Grants) if the student includes some or all of the educational assistance in income in the year it is received. For details, see Pub. 970.

Box 6. Shows adjustments to scholarships or grants for a prior year. This amount may affect the amount of any allowable tuition and fees deduction or education credit that you claimed for the prior year. You may have to file an amended income tax return (Form 1040-X) for the prior year.

Box 7. Shows whether the amount in box 1 includes amounts for an academic period beginning January–March 2023. See Pub. 970 for how to report these amounts.

Box 8. Shows whether you are considered to be carrying at least one-half the normal full-time workload for your course of study at the reporting institution.

Box 9. Shows whether you are considered to be enrolled in a program leading to a graduate degree, graduate-level certificate, or other recognized graduate-level educational credential.

Box 10. Shows the total amount of reimbursements or refunds of qualified tuition and related expenses made by an insurer. The amount of reimbursements or refunds for the calendar year may reduce the amount of any education credit you can claim for the year (may result in an increase in tax liability for the year of the refund).

Form W-9S. You may use Form W-9S, Request for Student's or Borrower's Taxpayer Identification Number and Certification, to obtain the student's or borrower's name, address, taxpayer identification number, and student loan certification to be used when filing Form 1098-E or 1098-T. Use of Form W-9S is optional; you may collect the information using your own forms, such as admission or enrollment forms, or financial aid applications. You may collect the student's or borrower's information on paper or electronically.

Electronic submission of Form W-9S. An educational institution, insurer, or lender may establish a system for students and borrowers to submit Form W-9S electronically, including by fax. Generally, the electronic system must:

1. Ensure the information received is the information sent and document all occasions of user access that result in the submission,

2. Make reasonably certain the person accessing the system and submitting the form is the person identified on Form W-9S,

3. Provide you with the same information as the paper Form W-9S, and

4. Be able to supply a hard copy of the electronic Form W-9S if the Internal Revenue Service requests it.

Also, if an electronic Form W-9S is used to obtain the borrower's certification that all the loan proceeds are used solely to pay qualified higher education expenses, your electronic system must require, as the final entry in the submission, an electronic signature by the borrower whose name is on Form W-9S. The signature authenticates and verifies the submission. See Announcement 98-27, which is on page 30 of Internal Revenue Bulletin 1998-15 at [IRS.gov/pub/irs-irbs/irb98-15.pdf](https://www.irs.gov/pub/irs-irbs/irb98-15.pdf).

Specific Instructions for Form 1098-E

File Form 1098-E, Student Loan Interest Statement, if you receive student loan interest of \$600 or more from an individual during the year in the course of your trade or business.

The \$600 threshold applies to each borrower regardless of the number of student loans obtained by that borrower. However, you may file a separate Form 1098-E for each student loan of the borrower, or you may file one Form 1098-E for the interest from all student loans of the borrower.

Who must file. File Form 1098-E if you are a financial institution, governmental unit (or any of its subsidiary agencies), educational institution, or any other person who receives student loan interest of \$600 or more from an individual during the year in the course of your trade or business.

If more than one person has a connection with the loan, only the first person to receive the interest payment must file Form 1098-E. For example, a loan service or collection agent receiving payments on behalf of the lender must file.

Qualified student loan. To be reportable for 2022, a student loan must be either:

- Subsidized, guaranteed, financed, or otherwise treated as a student loan under a program of the federal, state, or local government, or of a postsecondary educational institution; or
- Certified by the borrower as a student loan incurred solely to pay qualified higher education expenses. You may use Form W-9S to obtain the certification.

Revolving accounts. Report interest paid on revolving accounts, such as credit card accounts, only if the borrower certifies that all the loan proceeds are solely used to pay qualified higher education expenses. You do not have to verify the borrower's actual use of the funds. Do not report interest on mixed use loans.

Loans under qualified plans. Do not report interest on loans made under a qualified employer plan, as defined in section 72(p)(4), or under a contract purchased under a qualified employer plan within the meaning of section 72(p)(5).

Additional information. For more information about reporting student loan interest, see Regulations section 1.6050S-3.

Statements to borrowers. If you are required to file Form 1098-E, you must provide a statement or acceptable substitute, on paper or electronically, to the borrower. For more information about the requirements to furnish a statement to the borrower, see part M in the 2022 General Instructions for Certain Information Returns.

Electronic delivery of Form 1098-E. Educational institutions, insurers, and lenders may present the option to consent to receive Form 1098-E electronically as part of a global "Consent To Do Business Electronically," combining consent for electronic delivery of Form 1098-E along with other institutional student business functions such as admissions, registration, billings, and direct deposits.

The global consent process must meet all the consent, disclosure, format, notice, and access period requirements for electronic furnishing of Forms 1098-E in accordance with the applicable regulations. For more information about the requirements to furnish a statement to each student, see part M in the 2022 General Instructions for Certain Information Returns.

Truncating borrower's TIN on payee statements. Pursuant to Regulations section 301.6109-4, all filers of Form 1098-E may truncate a borrower's TIN (social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN)) on payee statements. Truncation is not allowed on any documents the filer files with the IRS. A recipient's/lender's TIN may not be truncated on any form. See part J in the 2022 General Instructions for Certain Information Returns.

Recipient's/lender's name, address, and telephone number box. Enter the name, address, and telephone number of the filer of Form 1098-E. Use this same name and address on Form 1096, Annual Summary and Transmittal of U.S. Information Returns.

Account number. The account number is required if you have multiple accounts for a recipient for whom you are filing more than one Form 1098-E. Additionally, the IRS encourages you to designate an account number for all Forms 1098-E that you file. See part L in the 2022 General Instructions for Certain Information Returns.

Box 1. Student Loan Interest Received by Lender

Enter the interest you received on a student loan(s) during the calendar year. For loans made on or after September 1, 2004, you are required to include in box 1 payments of interest as described in Regulations section 1.221-1(f). Under that regulation, interest includes capitalized interest and loan origination fees that represent charges for the use or forbearance of money. See Regulations section 1.221-1(f).

Box 2. Checkbox

Check this box if loan origination fees and/or capitalized interest are not reported in box 1 for loans made before September 1, 2004.

Specific Instructions for Form 1098-T

File Form 1098-T, Tuition Statement, if you are an eligible educational institution. You must file for each student you enroll and for whom a reportable transaction is made. Also, if you are an insurer, file Form 1098-T for each individual to whom you made reimbursements or refunds of qualified tuition and related expenses.

Exceptions. You do not have to file Form 1098-T or furnish a statement for:

- Courses for which no academic credit is offered, even if the student is otherwise enrolled in a degree program;
- Nonresident alien students, unless requested by the student;
- Students whose qualified tuition and related expenses are entirely waived or paid entirely with scholarships; and
- Students for whom you do not maintain a separate financial account and whose qualified tuition and related expenses are covered by a formal billing arrangement between an institution and the student's employer or a governmental entity, such as the Department of Veterans Affairs or the Department of Defense.

Who must file. You must file Form 1098-T if you are an eligible educational institution. An eligible educational institution that is a governmental unit, or an agency or instrumentality of a governmental unit, is subject to the reporting requirements of Form 1098-T. A designated officer or employee of the governmental entity must satisfy the reporting requirements of Form 1098-T.

If another person receives or collects payments of qualified tuition and related expenses on your behalf, the other person must file Form 1098-T. However, if the other person does not possess the information necessary to comply with the reporting requirements of Form 1098-T, then you must satisfy the reporting requirements of Form 1098-T.

Also, if you are an insurer engaged in a trade or business of making refunds or reimbursements of qualified tuition and related expenses, you are required to file Form 1098-T. See the instructions for [box 10](#), later.

Eligible educational institution. An eligible educational institution is a college, university, vocational school, or other postsecondary educational institution that is described in section 481 of the Higher Education Act of 1965 as in effect on August 5, 1997, and that is eligible to

participate in the Department of Education's student aid programs. This includes most accredited public, nonprofit, and private postsecondary institutions.

Qualified tuition and related expenses. Qualified tuition and related expenses are tuition, fees, and course materials required for a student to be enrolled at or attend an eligible educational institution.

The following are **not** qualified tuition and related expenses.

- Amounts paid for any course or other education involving sports, games, or hobbies, unless the course or other education is part of the student's degree program or is taken to acquire or improve job skills.
- Charges and fees for room, board, insurance, medical expenses (including student health fees), transportation, and similar personal, living, or family expenses.

Academic credit. Academic credit is credit awarded by an eligible educational institution for the completion of course work leading to a postsecondary degree, certificate, or other recognized postsecondary educational credential.

Example. Student A, a medical doctor, takes a course at University X's medical school. Student A takes the course to fulfill State Y's licensing requirement that medical doctors attend continuing medical education courses each year. Student A is not enrolled in a degree program at University X and takes the medical course through University X's continuing professional education program. University X does not award Student A credit toward a postsecondary degree on an academic transcript for the completion of the course but gives Student A a certificate of attendance upon completion. University X is not required to file Form 1098-T for the course taken by Student A.

Academic period. You must file Form 1098-T for each student who is enrolled in your institution for any academic period (for example, semester, trimester, or quarter) in 2022, but see [Exceptions](#), earlier. Determine your enrollment for each period under your own rules or use one of the following dates.

- 30 days after the first day of the academic period.
- A date during the period when enrollment data must be collected for purposes of the Integrated Post Secondary Education Data System administered by the Department of Education.
- A date during the period when you must report enrollment data to the state, to your governing board, or to some other external governing body.

Additional information. For more information about reporting on Form 1098-T, see Regulations section 1.6050S-1. Also see Notice 2006-72, 2006-36 I.R.B. 363, available at [IRS.gov/irb/2006-36_IRB#NOT-2006-72](https://www.irs.gov/irb/2006-36_IRB#NOT-2006-72), for guidance in a question-and-answer format on the information reporting requirements for Form 1098-T.

Statements to students. If you are required to file Form 1098-T, you must furnish a statement or acceptable substitute, on paper or electronically, to the student.

Electronic delivery of Form 1098-T. Educational institutions may present the option to consent to receive Form 1098-T electronically as part of a global "Consent To

Do Business Electronically," combining consent for electronic delivery of Form 1098-T along with other institutional student business functions such as admissions, registration, billings, and direct deposits.

The global consent process must meet all the consent, disclosure, format, notice, and access period requirements for electronic furnishing of Forms 1098-T as required by paragraphs (a)(2) through (6) of Treasury Regulations section 1.6050S-2. For more information about the requirements to furnish a statement to each student, see part M in the 2022 General Instructions for Certain Information Returns.

Truncating student's TIN on payee statements.

Pursuant to Regulations section 301.6109-4, all filers of Form 1098-T may truncate a student's TIN (social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN)) on payee statements. Truncation is not allowed on any documents the filer files with the IRS. A filer's TIN may not be truncated on any form. See part J in the 2022 General Instructions for Certain Information Returns.

Student's TIN and checkbox. Enter the student's TIN, as provided to you on Form W-9S, Request for Student's or Borrower's Taxpayer Identification Number and Certification, or other form. If you solicited the student's TIN in writing (Form W-9S or other form) for the current year, check the box. Also check the box if you obtained the student's TIN in a prior year by making a solicitation in writing (Form W-9S or other form) or you obtained the student's TIN in a prior year from his or her financial aid application or other form and in either case have no reason to believe the TIN previously obtained is incorrect. Check the box if the institution is filing the Form 1098-T with nothing in the field for the student's TIN because the institution has no record of a TIN, but only if you made a written solicitation for the TIN on or before December 31 of the year for which you are filing the Form 1098-T. By checking the box and filing Form 1098-T with the IRS (for electronic filers), you certify under penalties of perjury that you have in good faith complied with the standards in Treasury Regulations section 1.6050S-1 governing the time and manner of soliciting the TIN of the student. Filers who transmit paper forms to the IRS will make such certification by signing Form 1096 in conjunction with filing the returns with the boxes checked in the fields designated for the student's identification number.

Student's address. In the student's address box of Form 1098-T, enter the student's permanent address. That is, enter the student's home or other long-term address where he or she can receive forwarded mail. You may use a temporary address only if you do not know the permanent address.

Information contact and service provider. You must provide your name, address, and telephone number. In addition, you may include information on a third-party service provider who filed the form or who may answer questions about the statement. Enter the service provider's information in the box below the student's name and address.

You must provide the telephone number for the information contact at the institution. Generally, this is an administrative office or department. Do not provide the institution's general telephone number.

Account number. The account number is required if you have multiple accounts for a recipient for whom you are filing more than one Form 1098-T. Additionally, the IRS encourages you to designate an account number for all Forms 1098-T that you file. See part L in the 2022 General Instructions for Certain Information Returns.

The amount reported is not reduced by scholarships and grants reported in box 5. Include in this box the receipt of a payment of past-due qualified tuition or related expenses from a previous calendar year, but only if the educational institution previously billed the student for such amount(s).

Box 2. Reserved

This box is reserved for future use.

Box 3. Reserved
